Once again, an intersection to avoid

WITH THE RETURN OF SUNNY WEATHER, construction on the Jefferson Blvd. interchange in West Sacramento has come back as well, leading to traffic delays like this one when the project began last fall

■ Jefferson Blvd. jams up with traffic, as pavement work begins on last phase of interchange improvements

The bad news is that traffic jams, rough roads and slow motion fender benders again rule over the Jefferson Blvd./freeway interchange in West Sacramento, as Granite Construction workers are back in business preparing to re-pave the new traffic pattern for the area.

The good news is, they may be done earlier than the "May" deadline advertised on street signs near the project.

"Assuming everything goes well, we're looking at the next two or three weeks for having all that done," said city engineer Joe Loop of the pavement cutting and repair now going on. "We should have the entire job done by April, unless we hit some sort of snag."

The job speed is partly dependent on weather, which could affect when the construction crews can lay down new asphalt and new traffic striping. If this week's balmy weather holds, that work will be completed ahead of schedule. A few new traffic signs also need to be installed, and underneath the new pavement will be something many Jefferson Blvd. commuters have dreamed of: traffic detection loops.

The intersection has always run on traffic lights that are timed, according to engineers' "best guess" of traffic patterns. The new under-the-road-service detectors will replace this system for the Jefferson interchange, operating traffic signals according to where the cars at the intersection actually are.

After the detection loops are installed, "then we can go through and re-pave the entire job and we then we have the final striping and signage," said Loop.

The current improvement project for Jefferson is intended as an "interim" aid to the state highway corridor's approach to the freeway. Further improvements, including widening the Jefferson Blvd. corridor and bridge to the south, are scheduled as a joint city/CalTrans project beginning in about three years.

Superintendent Miller sent on early holiday

■ Split vote brings Assistant Superintendent Kelleher to temporary helm of school district; former superintendent Miller will go on vacation for the rest of his contract

By Steve Marschke

With a 3-2 vote, the Washington Unified School Board decided Tuesday evening in closed session to put Dr. David Miller on vacation for the last three months of his contract and to bring Dr. Dennis Kelleher, the current assistant superintendent of personnel, on board as the district's interim leader.

Following the closed-session vote, board president Ardeen Westvik announced the decision, including the somewhat unusual announcement of how each board member voted. Westvik had joined fellow board member Nancy Thompson-Candee in the minority, with Irene Eklund, Pat Flint and Hal Williams voting for the change.

Superintendent Miller had already announced his resignation to the board effective June 30 to accept work at a smaller school district in the north valley, after the current board had failed to extend his contract. The Williams, Eklund and Flint trio is the same majority which terminated services with the district's last superintendent, Dr. Del Alberti, in a far more public fight in 1993. The apparent ousting of Miller comes after Williams was elected back to the board in November by seven votes over rival Sue Glenn. The vote helped re-form the old school board majority.

Kelleher has been widely and privately discussed as a possible replacement for Miller for many months -- even before Miller announced his upcoming resignation. The board has not chosen a mechanism for choosing a replacement for Miller.

When announcing the decision to bring Kelleher in as interim superintendent, board president Westvik read a statement in praise of Miller's accomplishments even as he was apparently being eased out of his office.

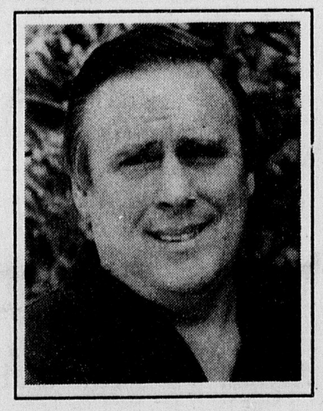

The statement alluded to strong performances by Miller in labor relations, reducing truancy, improving facilities and other areas and wished him well in the future.

Miller did not attend the meeting. School district staff Tuesday before the meeting said he was not in his office that day and that it was unclear whether or when he would be returning. The school board's statement at the meeting later Tuesday alluded to using Miller's services in easing the transition to a new superintendent.

City hall property deal keeps momentum

City staff continues to iron out details with developers

■ City officials appear highly interested in deal to sell Stone Blvd. offices to private developers, lease the space they now own, and build a new city hall for the future

Mayor Bill Kristoff

By Steve Marschke

City staff remains in conference with developers Frank Ramos and "Buzz" Oates, working out details of the businessmen's proposal to buy the city's offices at 2101 Stone Blvd. for about $1.1 million -- the same amount paid by the city last year when it purchased the building from the Port of Sacramento.

Part of the deal is an offer to lease the city's current office space to the city after the purchase for 85 cents per square foot, with the city paying for maintenance, landscaping and related costs. The lease is expected to be temporary, with the city looking to build a new city hall or even a city hall/civic center, probably in the "downtown" West Sacramento area.

Mayor Bill Kristoff and city council member Christopher Cabaldon added their own comments Tuesday to the generally hopeful chorus of interest on the deal, although the issues involved have not been refined by city staff and the developers enough to go before the council for a decision.

"My view is the same as it was before," said Cabaldon. "I'd like to see us move city hall. I don't think (Stone Blvd.) is the right place for it. I'm a big fan of the city's West Capitol Ave. plan (for redevelopment of the area) , but it doesn't work, short of a miracle, unless we move city hall there."

Cabaldon said he is awaiting details of the offer to buy the city's offices before he can say whether this particular proposal is a good one.

Kristoff said that not only does the purchase offer and lease agreement with the developers have to be sound, but that the city needs to have a good plan in place to build its new city hall if it agrees to sell the current one.

That plan includes starting a "request for proposal" process for private parties to bid on designing and building a new city hall.

"We'd like to make sure all the 'I's' are dotted and all the 'T's' are crossed on the bid, and that the city of West Sacramento will get the best possible deal," said Kristoff. We need to have some good plans in place (for a new city hall) so we don't pay rent (after selling the current city hall) forever."

Kristoff estimated that the deal would come before the city council for approval in late April.

The city bought the Stone Blvd. property, the port's former "World Trade Center," last year largely to help the port finance its share of the costs for the new Daniel C. Palamidessi Bridge now being built next door.

Most of the discussion on a new place for city hall near West Capitol has thus far centered on a city-owned property at 1124 West Capitol Ave., or on property at the southwest corner of West Capitol and Merkley Ave. now owned by Frank Ramos. The latter property could be made available on a "trade" basis with the city property for development as a city hall, city officials have said.

City government chooses employees of the year for 1997

From the City of West Sacramento

On March 19 the City of West Sacramento held its annual employee recognition ceremony. The city's police facility and communication task force was selected as the 1997 team of the year. Recognized as this year's employee of the year was Julie L. Leber, Recreation Supervisor, Department of Parks and Community Services.

Leber was selected from a field of ten "premier employees" representing all departments in the City of West Sacramento. She has been employed with the city for five years and is responsible for youth swimming programs, grant writing, personal interest classes, and facility rentals. Leber also regularly represents the City at the Maple Holly Community Group meetings.

Additionally, she helped to form the Westfield Community Group to improve communications between that community and the City. During these meetings, she is responsible for the preparation and dissemination of agendas, guest speakers, note taking, set-up, clean-up, responding to questions and concerns of the community ad-

This issue

This week's News-Ledger includes an edition of River City High School's newspaper, the *Review*, which is sponsored by the News-Ledger monthly throughout the school year. The *Review* is written, edited and assembled by the school's journalism class and not by the *News-Ledger*.

As part of the *Review*, you'll find a one-page newspaper called *The Enquiring Raider*, full of -- well, you'll have to read it to find out. Please notice the date line on *The Enquiring Raider* before you become too concerned about the "news" items it contains.

Study shows most women enjoy doing housework

"Hey, Mary," I cried out to my wife the other evening, "have you by any chance read this article in today's newspaper about how women are really starting to enjoy doing housework again?"

"What did you say?" yelled back my wife, who was in the next room leisurely playing a game of computer solitaire even though the kitchen sink was overflowing with dirty dinner dishes.

"That's what this article says," I continued. "Yep, it says right here in black and white that a bunch of researchers have found that a majority of women now say it's very important to them that their homes be neat and tidy. And that's up by more than ten percent from 1975. Apparently there's a life pattern for housekeeping. Cleanliness standards seem to rise for women in their 20's, dip in their 30's and 40's, then swing back up again in their 50's. The baby-boomers are all turning 50 and houses everywhere are starting to get cleaner."

"What in the world are you talking about?"

"Boy, this article is just full of information. Did you know that you can polish chrome with mayonnaise, remove bubble gum with peanut butter, and clean piano keys with yogurt? And listen to this. Men have almost doubled the amount of housework they do. We're all the way up to ten whole hours a week now."

"Ten hours a year is probably more like it," I thought I heard her say.

"It also says that more women are starting to buy real dishes instead of paper plates; and that they're dusting and polishing the furniture every week instead of just once a month; and that the sales of brooms, mops and vacuum cleaners have been going right through the roof. And oh, yeah, here's one you might be interested in. It says here that more and more women are finding it really difficult to sleep soundly at night if they haven't washed the dinner dishes before they go to bed."

Suddenly, my wife was right in front of me. "You know," she said with fire in her eyes, "your arm isn't broken. Why don't YOU get up and put the dinner dishes in the dishwasher for a change. It wouldn't exactly kill you, you know."

"But I don't know how to work the dishwasher," I said with the most pitiful expression I could produce.

"It's not exactly nuclear science," she assured me.

"Oh, that's okay," I said, definitely not wanting to depart from my long held policy of remaining totally ignorant of the workings of all household appliances.

"And for your information," she added with emphasis, "I did read that article you have in your hands. Would you like to know the part I really liked?"

"Well, sure."

"The part where Erma Bombeck says `Housework can kill you if you do it right'!"

"Hey," chimed in my smiling 22-year-old daughter, who was listening to the conversation, "you want to know what I think about housework?"

"No," said my wife and I in unison.

"I think housework is meaningless," she said anyway. "I mean, why should I make my bed if I'm just going to get back in it the next night? And I'm with Mom -- why is it that women get stuck with keeping houses clean? The whole idea is absurd. It makes absolutely no sense, especially since men are the real slobs anyway. If some lazy man thinks I'm going to spend my whole life slaving away keeping his house clean, he has another thought coming!"

A few days later, I happened to mention to a work friend of mine that my wife, daughter and I had recently had a lengthy and rather heated discussion on the subject of housework. "What brought that up?" she asked me with a smile.

"Oh, some silly newspaper article that I was reading."

"Well," she said with understanding, "we ladies have been known to get a little touchy from time to time when men bring up the subject of housework."

"I know, I know. Now why is that?"

"Because we're the ones who get stuck doing it all the time."

"Oh."

"Anyway, would you like to hear my opinion on the subject of housework?"

"Sure," I said, having long held her somewhat unique way of looking at the world in high regard.

"I think housework is an awfully lot like sex," she said with a straight face. "Just when you think you're through with it for awhile, you end up having to do it all over again."

THE NEWS-LEDGER

Est. 1964

The News-Ledger was founded August 14, 1964. It is the successor to the *Weekly Reader*, founded by Julius A. Feher in April, 1938, and incorporates the *West Sacramento News*, founded by Julius A. Feher in August, 1942.

The News-Ledger is a weekly newspaper published every Wednesday. It provides coverage by mail and other distribution to the city of West Sacramento, including the communities of West Sacramento, Bryte, Broderick and Southport.

The News-Ledger is a newspaper of general circulation by Yolo County Superior Court decrees No. 21893, dated June 1, 1967, and No. 29812, dated June 4, 1973.

Michael P. Garten, Publisher

Christian holiday services

All are welcome to attend the Passover Seder at **Community Lutheran Church** on Thursday, March 27, at 7 p.m. (Please call for table reservations.) Good Friday Worship is on March 28 at 7 p.m. Easter events begin with the Sunrise Service at 7 a.m. (Ecumenical Service), Easter continental breakfast at 8 a.m., egg hunt at 9 a.m., and festival worship at 10 a.m. Please call 371-8804 for any additional information. The church is located at 920 Drever Street.

The public is invited to Easter Sunday services March 30 at **New Testament Light of the Gospel Church**, 1537 Sacramento Ave. in West Sacramento, with Sunday School at 9:30 a.m. and Morning Service at 10:30 a.m. Transportation is available by calling 373-1018 or 373-1736.

Also welcoming the public is **Horizon Christian Fellowship**, under Pastor "Coco" Perez, which will hold Easter services at 9 and 11 a.m. The church will sponsor an Easter egg hunt with prizes. For more information on any of the festivities, call 371-3458.

A thousand bucks of books

From the East Yolo Friends of the Library

A bumper crop of books and mild spring weather brought out a large crowd of book-buyers, who spent $1026.00 at the spring book sale at Arthur F. Turner Branch Library on March 15-16. The "dollar-a-bag" day on Sunday was a sell-out, disappointing some late-comers.

The proceeds from the three-times-a-year sales support the best-seller collection, the audio and video collection, the popular children's summer reading activities, and other enhancements to the library's services.

The next sale is scheduled for the middle of June.

Child care licensing

Are you thinking about caring for children in your own home?

The next orientation is scheduled for Tuesday, April 8 from 9 a.m. to 12 p.m. at the Veterans' Memorial Center Game Room, 203 E. 14th Street in Davis. Attendance at an orientation meeting is required for those people planning to become licensed family child care providers in Yolo County.

For information, call (800) 378-5044 from West Sacramento and rural Yolo County.

Sister Act

Haley Moore (top) and Sarah Moore (below) will both be swimming for the Dolphins this year

By Barry Blacklaw
West Sacramento Dolphins

The West Sacramento Dolphins Swim Team announces their coaching staff for their upcoming "1997 Summer of Fun Swim Season."

Returning for her third season as head coach will be Amy Hanrahan. Amy will be joined by Steve Breiter who will be her Co Head Coach. Assisting Amy and Steve will be Jason Potnick who will be helping the younger swimmers to learn the basic swim techniques and strokes.

The Dolphins will be holding their third sign up on Saturday, March 29, at Whitey's Jolly Kone, 1300 Jefferson Blvd., West Sacramento, from 10 a.m. to 1 p.m.

Cost for the season is $45 per swimmer, $40 for the second swimmer, and $20 for each swimmer thereafter (must be from the same family).

To register, swimmers must have a copy of their birth certificate.

All children between the ages of 4 and 18 years are invited to join. For more information call Rick Usrey at 372-3117 or Susan Blacklaw at 371-6053.

Football scholars honored

The National Football Foundation recently honored six River City High School student-athletes for their scholarship, commitment to the football program and school activities.

Honorees included Carlos Martinez, Joe Portwood, Ben Flint, Saraj Niazi, David Wenneker and Will Welcher. Each player nominated by football coach Chris Baker received a letter of commendation and certificate of recognition.

League play starts well —

The River City High School Tennis Team began match play in defense of their Golden Empire League title last week with an impressive shutout of the Golden Sierra Grizzlies up in Garden Valley. Led by the boys doubles paris of (#1) Sarom Phoung and Phoungeun Souvannaphoungeun and (#2) Alex Klimushkin and Aaron Potnick, the Raiders handed the Grizzlies their second league loss of the week following at 5-4 setback at Marysville. The boys doubles teams both won decisively, 10-1, as did the veteran Raider mixed doubles pair of Khonthavy Phouanglasy and Peter Santizo.

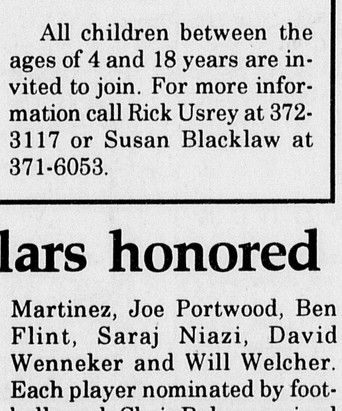

In girls doubles, both Raider teams started slowly, committing numerous unforced errors, before turning things around for victories. Bethany Monroe and Aenoy Xayasone won 10-6 at #1, despite trailing 3-5, and the #2

The Sports Insider

By Richard Novoa

The major league baseball season is just around the corner with the San Francisco Giants season opener on April Fools' Day!

The Giants will host the Pittsburgh Pirates on Tuesday, April 1, at 1:05 p.m. For the first time that I can remember, the Oakland A's and the Giants will start the season at home during the opening season's first week. The A's home opener should be a good one on Wed., April 2, at 7:35 p.m. against the Cleveland Indians. The Giants play two games against the Pirates, then host the New York Mets on April 4, 5 and 6 before the Phillies come to town to end the homestand on APril 7, 8 & 9.

The A's play the Indians twice that same week before the World Champion New York Yankees invade Oakland on April 4, 5 & 6. The A's close the homestand on April 7 through 9 against the Boston Red Sox. Tickets are still available at local BASS ticket outlets for both Bay Area teams' home openers.

In baseball news, the Cleveland Indians pulled off a big trade with the Braves, sending All-Star outfielder Kenny Lofton to Atlanta for outfielders David Justice and Marquis Grissom.

Boxing promoter Don Chargin has decided to continue with his April boxing show at the Memorial Auditorium. Chargin had cancelled the show because West Sac's Willie Jorrin broke his hand in a sparring session. The main event will feature Jorrin's opponent, the WBC 7th ranked junior featherweight Enrique Jupiter. If Jupiter wins his bout, Chargin will pit both fighters in an HBO special at the Arco Arena in June. The main event for the HBO card will feature Marcos Barrera against the man who took his title last year, June Jones.

Ticket prices for the Memorial Auditorium bouts will cost $22, $32 and $42.

Kings' Korner

By Richard Novoa

It's funny that I mention last week that there were rumors that the Kings might fire their head coach.

Well, they did! The Kings made a change to prepare for the last push for the playoffs. Playoff ticket information was sent last week to season ticket holders. If the playoffs started today, the Kings (29-40) would not be included.

The Kings are trailing the Clippers (30-37) by two games, and the Phoenix Suns (29-39) by a half game, with the Suns passing the Kings up for the eighth spot. With 12 games remaining, the

OPINION

News-Ledger Editorial

Thoughts for a Wednesday

Are times really so bad that a lady needs to fish cigarette butts out of the ash can in front of Raley's, as one was seen doing Tuesday? Or is it just that the urge to smoke is that strong?

■■■

Two thoughts connected with the school board's personnel actions:

One: Miller would probably have remained as superintendent had four people in West Sacramento voted differently in November, electing Sue Glenn instead of Hal Williams.

Two: It is interesting that everyone close to the district knows who has the inside track on the superintendent position (Dr. Dennis Kelleher, an assistant superintendent) since no votes had been taken and it is not legal for a school board majority to communicate on such an issue, even to "poll" each other's thoughts, in private. Perhaps there's an innocent explanation.

■■■

ATTENTION CITY OFFICIALS:

Here's the 1997-98 proposal from the News-Ledger.

Because a newspaper is vital to a health community, promoting the dissemination of information and the free exchange of ideas, as well as providing a vehicle to promote healthy retail sales and community activities, the News-Ledger proposes to receive partial funding for its 1997-98 fiscal year from city tax dollars.

For several tens of thousands of dollars in public support, the News-Ledger agrees to perform these functions. The newspaper will also use this tax money, which is provided by the vote of local elected officials, to endorse and promote political positions on city and county ballot measures and local school district policy. The News-Ledger will also expect to be invited to work in private with city staff to shape legislation which affects our readers and advertisers before it goes before the public for input or before the city council for action.

Don't worry that this will compromise either the News-Ledger's independence or the city's legislation process. If the public complains that this is a "sweetheart deal," just change it from a "grant" to a "contract for services," and write the contract to cover the duties normally covered by a newspaper. It's only important that the city renew this contract every year without opening it up to other individuals or organizations to bid on providing these services. Let's just keep it between us, and city council members have no need to fear political retribution if they say this is not a healthy relationship and vote "no" on it. Don't worry if the public sees this as a "you scratch my back and I'll scratch yours" deal.

Does this deal sound ludicrous? Does it sound like a misuse of public money?

Maybe and maybe not, but it should certainly sound familiar. This is the kind of deal the city of West Sacramento makes with its chamber of commerce each year, and the relationship is not good for either party.

It needs to be changed, at least to a bidding process for these services now provided by the chamber, so that neither party feels beholden to the other in any way and public money does not become part of a "sweetheart deal" with an organization that is by nature political.

With any luck, the West Sacramento Chamber of Commerce would win such an open bid to provide services such as organizing community events. If the city council is afraid to go to an open bid because of a fear that the Chamber would not win it on a level playing field, then this is an admission that we are talking about a "subsidy" and not a real "contract."

The Chamber is needed by West Sacramento (as is a good local newspaper), but it needs to be independent, especially if it is involved in politics and legislation. As the West Sacramento Chamber is first in line to protest new city fees and rate increases that affect its business members, it should also be first in line to protest the use of public money for private services without a bidding process -- which is when a "contract" can cross the line into a "government handout."

The other part of a solution is that West Sacramentans need to work harder to support their chamber so that it is not tempted into such relationships. All parties will be better off. The city has an opportunity in the next month or two to fix this situation, which has been broken since the city was born ten years ago.

Letters to the Editor

Selling city hall

I just read that a proposal came up to sell the old world trade center building to a concern who never had, in my opinion, the best interests of West Sacramento at heart, but rather as a tool for other reasons, monetary or otherwise. I would like someone to explain how our best interests would be served by selling a building which the city already owns, and building a new building on an undersized lot which we already paid an over-inflated price to rid our city of undesirable or unwanted elements. We might be better served by having the various lots on West Capitol Ave. developed and/or sold instead of just growing trees. Wouldn't we be better off, as a city, purchasing a large parcel of land with the eventual goal of moving our city offices when we are more financially able.

CHUCK KING
West Sacramento

More on city hall. . .

I nearly choked when I read in last week's paper that Frank Ramos and Marvin "Buzz" Oates offered to buy the former Port of Sacramento/now City Hall building for much the same $1.1 million the City paid the Port for it. That should be a big laugh: How many real estate purchases would either Mr. Ramos or Mr. Oates resell for just what they paid for them?

This offer comes shortly after City learned it would cost us about $2 million to refurbish/update 2101 Stone Blvd. Mr. Ramos has the property next to the Turner Library up for sale. It would be interesting to know what he paid for that land minus any depreciation he has taken on his old auto parts building...would he be willing to sell that land to City for his "book value?" If so, we have a starting point. (And did not City provide him with $10 million in interest-free bond financing for his Southport Industrial Park infrastructure?) This property, across West Capitol Avenue from vacant land City has owned for some time, might make for an ample combination for new City offices and parking. Mr. Ramos and Mr. Oates should submit bid to build said offices after plans by City if Mr. Ramos is willing to sell his land to City without profit as he expects City to sell City Hall to him for the non-profit price of $1.1 million.

But there's another twist: Note how close City Hall is to Mr. Ramos' Southport Industrial Park...especially after the Industrial Bridge is completed about August, 1997...pretty handy, huh? (And only one-quarter of a mile from where Mr. Ramos lives!) City should be able to double or triple its purchase price of $1.1 million by exercising some patient and hold off on that $2 million in improvements.

And why not consider the old Vacation Inn site that City already owns? City could buy adjacent windowless warehouse and have plenty of room and be next to hardware store and post office, too. (This writer still cannot understand why we need more low-income housing there if we had to advertise across the river for over 90 percent of the units of the last project.)

Another strong argument for relocating to or near West Capitol Avenue is that more folks who do not drive vehicles could more easily attend City Council meetings, given the closeness and better bus service along West Capitol Avenue. City offices would also be closer to County offices, Police Department and relocated Social Security offices. Parking could be used by City during day and meetings and perhaps by others during other hours.

WILLIAM A. LOWELL
West Sacramento

Court funding

The successful passage of SB 21 recently was a result of collaboration between the Board of Supervisors, criminal justice agencies and the court, along with public input. The judges of the Superior/Municipal Court thank everyone who worked on this issue.

This crisis allowed the Board of Supervisors and the court to follow up on new strategies for managing complex issues which impact the citizens of Yolo County. These strategies were the outcome of work which began in December, 1996.

Judges of the Yolo County Superior/Municipal Court and members of the Yolo County Board of Supervisors met in a court-board planning workshop on December 16, 1996 at the University Club at the University of California, Davis. The workshop was designed to identify priorities to use as a guide in improving court procedure and services, as well as to enrich communication between the judicial staff and the board members.

Historically, there is often conflict between the court and board of supervisors in county

This week's comment:

Regarding the Washington Courtyard expansion: at the time they filled these units with the help of Sacramento being solicited, it drained many apartment units here in West Sacramento. The landlords suffered quite a loss. Are we going to go through that again?

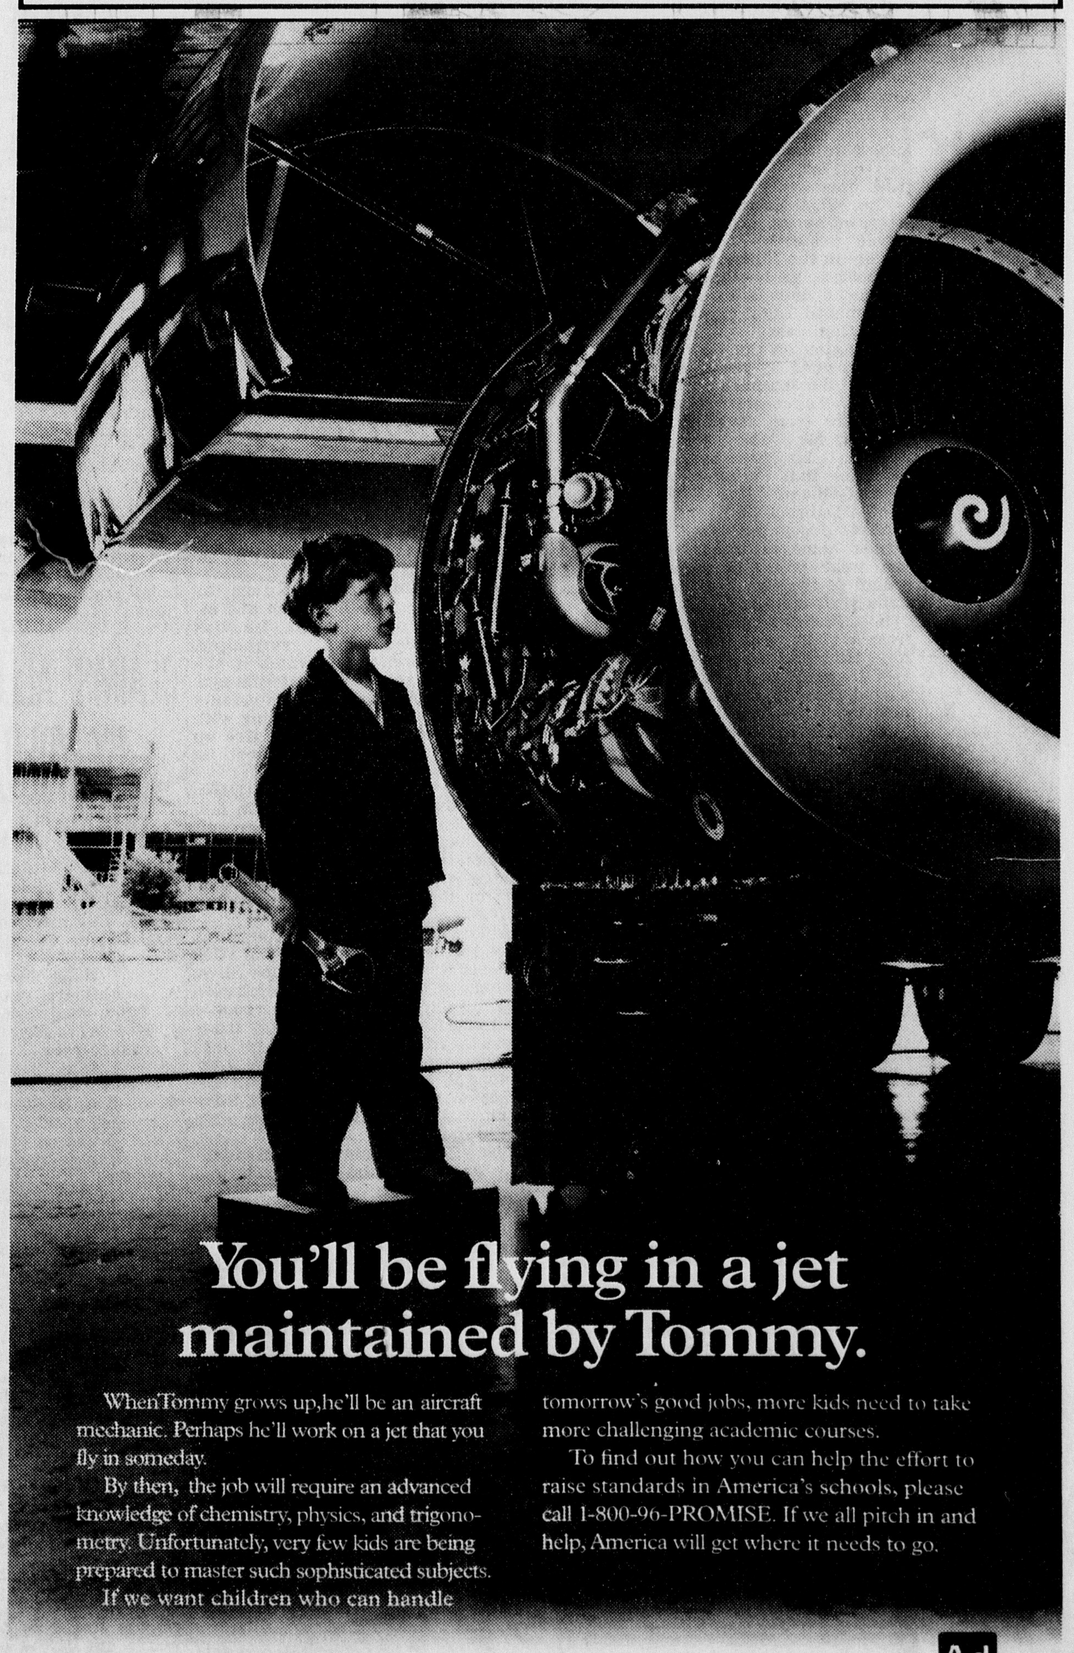

Also, with the recycling (program expansion), just add another $40 or so to the bill. Our utility bills are used as a steady source of income. If they want all the windows to be boarded up here in West Sacramento, and the units foreclosed on, keep up the work.

Your thoughts are welcome

Your submission's are always welcome to the News-Ledger opinion page.

Letters to the Editor should be brief and must include the author's name and signature. Phone number and address must be included for verification purposes. Except in unusual circumstances, authors' names will not be withheld from publication, and pseudonyms are not permitted. The News-Ledger will attempt to print letters in their entirety, but reserves the right to edit for length or for libelous or objectionable content. Deadline is Friday at 5 p.m. Please mail them to the News-Ledger, P.O. Box 463, West Sacramento, CA 95691, or drop them off at the News-Ledger office, 816 Westacre Rd.

"Sound Off!" comments should be very brief. They may be phoned in to 371-8055, and deadline is Monday. PAGE FROM THE PAST

WASHINGTON NEWS ITEMS

The Sacramento River registered 11 feet 4 inches, U. S. gauge at the S. P. bridge yesterday. This gauge shows a raise in the river since last week of about one foot although since that date no rain has fallen in the Sacramento Valley. The reading indicates that the snow on the mountains and foothills is already melting and holding up the stage of the river which it will do for some time to come.

Mrs. F. De Riso, Sr., has been confined to her home for several days of the past week with a severe case of flu. Yesterday she was reported to be much improved and expected to be soon entirely recovered.

Barbara, the little daughter of Frank De Riso, Jr., has been sick for several days with influenza. Yesterday she was showing signs of improvement which were welcomed by her parents.

Harry Steuben has been down with influenza for several days at his home in Riverbank and in addition has been suffering with a broken finger. Some time ago his finger was accidentally broken while at work but it did not set properly and it became necessary to break it again. He is now progressing rapidly to entire recovery.

Several of the boys around Washington have been testing out their ability to land a few salmon, but so far with only very little success. Hook and line fishing for bass above the mouth of the American River has been good during the past week and several sportsmen have landed half a dozen fish in a few hours.

James H. Floyd, one of the late arrivals in Westgate, and who is conducting the only restaurant at that place at the present time, is expecting a carload of building material today or tomorrow. When this arrives he will start the construction of a store, dwelling and restaurant close to the service station which Frank Janak has been operating during the past year. Floyd has moved his family to the West Sacramento district and is making expenses at least for the time being.

Joe Burke is the latest addition in the way of a helper at the West Side Auto Camp. Joe was discharged honorably from the navy a few weeks ago and hearing that he could get a job in this section of the state he came here promptly and landed just as promptly. He has charge of the lunch room, and soft drink place and sometimes the oil station for NcNally & Partridge.

J. C. Scroggs Nursery Co. has moved to 28th and K Sts., opposite Sutter Fort. We have reduced all trees one-third. Main 1785.—adv.

The West Sacramento Auto Camp is crowding, according to word received yesterday from Joe Pereira. Traffic on the highway through Washington has greatly increased and every night finds a camp at the West Sacramento Auto Camp hard to get. The other camp grounds west of Washington on the state highway are also crowded by newcomers, especially from the southern part of the state.

Blair Manchester spent the week-end here from Oakland visiting his parents, Mr. and Mrs. I. K. Manchester. He has been transferred from the San Francisco office to the West Oakland office of the Southern Pacific Railroad.

Miss Josephine Virgilio has returned home after having graduated last week from the nurses' training school of the San Francisco City and County Hospital.

Mrs. James L. Clifton has returned from a short visit with her daughter, Mrs. Ella May Muhm in Oakland.

William Everett and family have moved into the house formerly occupied by Al Shoemaker.

Mrs. Ray Peek returned Wednesday from Ogden, Utah, where she has been visiting Mr. and Mrs. William Bartle. Her husband accompanied her to Reno, Nev., where he remained for business reasons. He is expected home today.

ANOTHER INDUSTRIAL SITE PURCHASED IN WESTGATE

E. Schaffnit, a dealer in wood, coal, feed, fuel and other commodities in Sacramento, is the latest purchaser of an industrial site in Westgate.

Yesterday he purchased two acres on the county road between the M street bridge and West Sacramento headquarters for a greatly advanced price, advanced over that which he could have secured the land for a few months ago.

The ground is located just north of the Dr. Boyd place along the county highway. It is just south of the pear orchard formerly known as the Reed orchard.

Mr. Schaffnit told the Independent yesterday on closing the deal that he would first use this place for warehouses. He will have a siding built to connect with the Oakland-Antioch or short line railroad, and it is possible that he may build a few homes on that portion of the land fronting on the county road.

Dealing in hay, grain, feed and other farm commodities, this warehouse will be very convenient because Schaffnit does most of his buying of those commodities in West Sacramento.

GENERAL PETROLEUM COMPANY IS MAKING RAPID ADVANCE

Under the direction of W. A. Dudley rapid strides are being made in placing the plant of the corporation in readiness for the transaction of business in West Sacramento.

Mr. Dudley also has the co-operation and help of his brother, who is his assistant at this time, with Ira C. Ross as engineer in charge.

Last Wednesday two large steel tanks with a capacity of 560 barrels each arrived on the ground. They were immediately unloaded and placed in position to receive gasoline that will be shipped in a day or two from Oakland.

These tanks were placed on concrete foundations of two feet in thickness and are anchored to the bases so that there is no possibility of them toppling over. They are 35 feet in height and 10 feet in diameter. They are connected at the top with a runway of steel.

Yesterday a cyclone steel fence was being placed around the property by the corporation. This wire fence is 7 feet in height, of very heavy construction, and is attached to steel posts that are imbedded in concrefe bases.

An unloading platform has been built on the line of the Oakland-Antioch side track right at the plant. From this unloading platform a runway has been built into the large warehouse that was formerly used as the factory for the United States Fiber Products Co.

Two more large tanks like the above are on the way which will be used as storage for distillate and later on there will be two others that will be used for the storage of crude oil.

Pumps have already been installed to pump the gasoline and oil from the cars into the tanks or into the warehouse. The pumps are of peculiar construction and will be operated with electric power. These pumps, also houses, are so thoroughly ventilated that any amount of friction will not cause a spark that might set fire to the gasoline.

In the construction of the plant every precaution has been taken to avoid anything that might cause danger from fire.

Mr. Dudley has been very particular in this regard on account of the fact that fire protection in his neighborhood is nil and that, therefore, prevention must be of the best.

Mr. Dudley is still of the impression that he will be able to start distribution from the plant about the second week in April.

JUDGE DAVIS B. BARRY HELD COURT FOR FIRST TIME

Last Monday, March 23d, Judge Davis B. Barry held court in Washington for the first time. He was installed in office by his father, who retired on March 17th.

With a good deal of composure the new judge ascended the bench and assumed control of the court. He took the honors modestly but, nevertheless, showed a determination which is seldom seen in young men of his age.

Attorneys, plaintiffs and defendants recognized that they were dealing with no novice and that they must live up to the rules of the court without infringement.

The case before the court last Monday was that of the Globe Grain and Milling Company vs. Contente, on suit for collection of a bill for seed sold to Contente.

Judge Barry rendered a decision in favor of the plaintiff in the amount of $71.20.

On Tuesday a case of battery was before the court on complaint of Alex Alauer of Riverbank against Joe Silva, an employe of the Lake Washington Dairy. From the testimony brought out in court before Judge Barry it appeared that Silva and Alauer got into an argument about the time they should get to work. The argument developed into cross words and Silva assaulted Alauer, knocking him off a milking stool.

Judge Barry found the assailant guilty and fined him $5, which was paid immediately.

MRS. MANCHESTER ELECTED SCHOOL TRUSTEE

A small vote was cast this afternoon in the election for school trustee of the Washington school district.

Mrs. M. L. Manchester was the only candidate to qualify in the election. She had no opposition and returns to the board to fill out a term of three years, making a total of fifteen years in all.

The officers of election were: Norman White, inspector; Mrs. Ina Dassonville and D. Barry, judges.

Washington Boosters' Club Will Have "Clean-Up and Paint-Up" Campaign During Month of May

Last year the "Clean-Up and Paint-Up" campaign in Washington was an extraordinary success, so extraordinary that it took two teams three days to haul away the garbage, the refuse, the surplus home material that had been placed at the curbs by the householders of the town.

On June 2d of last year the clean-up campaign had its big day.

At its meeting last Tuesday night the club decided that the clean-up and paint-up day would be held earlier this year, some day about the middle of May, the date not yet being specified.

A copy of the ordinance introduced by Sheriff Monroe into the board of supervisors, having for its purpose the prevention of entrance of American men and boys into Chinese gambling houses, was read. The club decided to recommend its passage by the board of supervisors.

The ordinance would make it a misdemeanor for any men or boys to be found in those places and assesses a fine of $50 and not more than $500. The secretary of the club was instructed to advise the board of supervisors of this action.

Joe Pereira appealed to the club in behalf of Constable Wilson. He claimed that the salary now being paid the constable was entirely inadequate to recompense him for the services he was performing. His entire time is taken up in an effort at law enforcement and yet he receives only $70 to support him and his family.

It was duly moved and carried that a recommendation be made to the grand jury that the salary of the constable be raised to $150 per month with the understanding that the entire time of that official must be devoted to the work imposed upon him by his office.

Following the passage of this motion, Mr. Pereira was appointed a committee of one to appear before the grand jury on Wednesday, March 25th, asking this favor for the people of Washington.

The secretary of the Boosters' Club was also instructed to communicate with the county clerk to ask for a compiled book of ordinances now in force and effect in Yolo County and if those ordinances have not been compiled to secure copies of each individual ordinance.

The secretary, Mrs. Palm, advised that she would communicate immediately with County Clerk Saunders.

After considerable discussion on the moral, immoral and improvident condition of the people who make their habitat along the river slope of the levee, it was decided that a committee of five ladies be appointed to appear before the grand jury the following day, Wednesday, March 25th, to ask for relief in the way of cleaning up those conditions.

The committee appointed to perform this duty consisted of Mrs. Cameron, Mrs. Painter, Mrs. Pereira, Mrs. McNevin and Mrs. Esycheck.

These ladies promised to be present at the meeting of the grand jury in Woodland last Wednesday.

LATER

Last night Mrs. Cameron advised the Independent that the committee appeared before the grand jury and was given a full hearing, a courteous hearing and an attentive hearing. She felt greatly encouraged by the attitude of the grand jury in looking into the affairs above specified.

Joe Pereira also advised the Independent last night that he, too, had received a very courteous hearing from the grand jury. A promise had been made that if it was possible under the county government act to raise the salary of Constable Wilson to $150 a month, it would be done.

RICHFIELD OIL COMPANY TO START BUILDING HERE SOON

Leonard Freer, assistant district manager for the Richfield Oil Company, has established headquarters in the California State Life Building in Sacramento.

Interviewed by the Independent last Wednesday, he advised the writer that it is the intention of the corporation to utilize the ten acres lately purchased in West Sacramento on which to build a plant. Construction of this plant will start in the near future but Mr. Freer was not in a position to advise the exact date nor was he in position to advise what kind of buildings would be erected for the plant.

The ground purchased by the Richfield Oil Company is that fronting on the river and formerly occupied by the United Box and Barrel Co. It is situated just back of the old Kripp home and has rail and water connections.

CLAIMS ALLOWED BY YOLO COUNTY BOARD OF SUPERVISORS

At the meeting of the Yolo County board of supervisors held in Woodland March 2d the following claims were allowed:

Road District No. 1

A. L. Childers, roadwork	$8.75
R. Egan, roadwork	29.75

The sum of $394.10 was set aside for the purchase of extra rights of way for highway purposes in road district No. 2.

A resolution was adopted consumating the purchase of a lot in Road District No. 4, from Mrs. Jane Porteus.

The sum of $500 was set aside for the purchase of right of way at the Winters Wye, for state highway purposes.

Chemists in the University of California are extremely busy.

Analyzing samples of jackass is a daily routine with them.

YOU MAY WIN $1,500

If you are able to make the most words out of the letters contained in the words "TOILET NECESSITIES." A total of $3,000 IN CASH prizes will be awarded to competitors in this

BOOTLEGGERS SENTENCED BY WOODLAND JUSTICE

Lee Fiburg, who was arrested here Friday night during a raid in which a quantity of liquor and machinery for its manufacture were seized, is in the Woodland jail, serving a 500-day sentence on the charge of bootlegging. He was given an alternative of serving 500 days or paying a $500 fine by Justice R. W. Harrison.

Bert Fellows, who was also arrested during the same raid, was given the same sentence, but he paid the fine and was released. The men were arrested by Clarence Simpkins and George B. Woodworth, deputies working out of District Attorney George T. Kern's office.

Threats have been made by habitues of the Washington "jungles" against the lives of Simpkins and Woodworth, the two said. These threats warned the men would meet with death if they attempted to visit the "jungles" again.

NOTICE TO THE PUBLIC

The public is hereby notified that the campaign for the eradication of squirrels will soon be inaugurated by the county. Parties are warned that in permitting livestock or poultry to pasture or forage on the county highways they do so at their own risk. The State law compels the eradication of pests and rodents and the county cannot be held responsible for any damage suffered from stock or poultry permitted on the highways.

H. M. VAN TASSEL,
Horticultural Commissioner,
Yolo County.

PICTURE CORPORATION MAY LOCATE IN WEST SACRAMENTO

Theo. W. Wharton of Ithica, N. Y., is a guest at the Travelers Hotel in Sacramento and is here purposely to select a location for a film corporation who intends to move from the eastern states to California.

Mr. Wharton has been looking over some properties in Sacramento and West Sacramento. He is particularly impressed with the location in West Sacramento and is more impressed by the scenery along the river south of town.

Mr. Wharton is reticent about his plans for the time being but his inquiries have lead several people to believe that he will locate permanently in West Sacramento.

HOME BEING BUILT BY W. G. MEDLIN SOUTH OF CHURCH

About half a mile south of the church in West Sacramento on three acres fronting Jefferson boulevard, and almost immediately across the street from the home of Doc Miller, W. G. Medlin is building a modern bungalow where he intends to make his home in the future.

Mr. Medlin has also purchased 10 acres farther north on Jefferson boulevard, particularly described as Lot 62 of Boulevard Subdivision.

The new Medlin home consists of five rooms with all modern conveniences except gas. The house is being built under the direct supervision of Mr. Medlin and by day labor.

Being built for a home where he intends to stay the balance of his days, Medlin is putting an extra job in its construction.

On completion he has already announced there will be a house-warming to which many neighbors and friends can expect an invitation.

He expects to move in a week or two.

Vol. 16, No. 7 | River City High School | March 26, 1997

RC disciplines student for misuse of internet

By Rishi Sharma
News and Opinion Editor

For the first time, RC has disciplined a student for inappropriate behavior on the internet.

According to Mr. McMahen, vocational education teacher, a student was logged on to the internet viewing vulgar and obscene pictures and stories.

This directly violates section I, subsection B of the W.U.S.D. system user agreement which does not allow the display of "objectionable material." As well, RC only allows students to use the internet for educational purposes.

The internet can be both a wondrous educational tool and a place to access vulgar and obscene information. Recognizing both of these facts, the Washington Unified School District has brought the internet to RC. However, the internet does come with restrictions and consequences for inappropriate access. These are addressed in the system user agreement which must be signed by both students and parents before accessing the world wide web.

The internet can be both a wondrous educational tool and a place to access vulgar and obscene information.

It is very easy to identify students who have been accessing the forbidden sites on the internet at RC.

Mr. McMahen says that he can use the internet to discover the sites students have logged into at given times. However, this was not the means by which this student was caught. Mr. McMahen caught him in the act!

Discipline for violations of the system user agreement go to the principal. Dr. White told *The Review* that she chose to revoke the student's internet privileges for the rest of year. She added, however, that disciplinary actions can go as far as suspension for such a violation.

Mark Munsinger makes All-Area Basketball Team

By Josh Branham and Alyssa Murphy
Staff Writers

Mark Munsinger was named to the 1997 All-Area Basketball First Team, acknowledging the RC hoop star as one of the five best players in the area.

Mark said, "It's an honor to be named to the All-Area Team. I hope that this acknowledgement will help me to get into a divison one college."

Mark made the varsity team as a freshman and has always had a passion for basketball. Besides being named All-Area, he was also named Most Valuable Player this year.

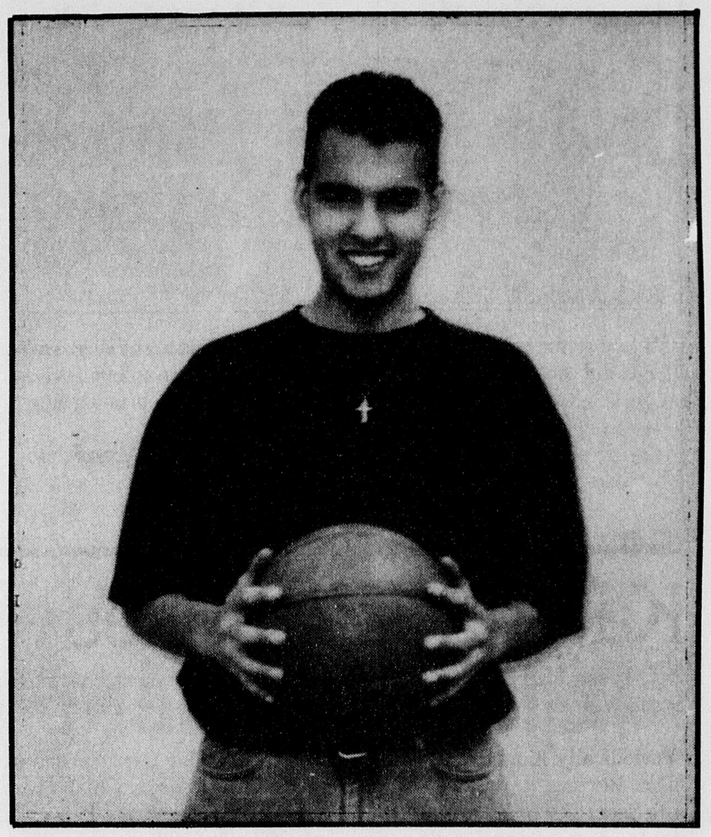

Mark has averaged 20.9 points and 11.6 rebounds per game. He also broke the school's career rebounding record.

Although Mark has led the Raiders in scoring, rebounding, and blocks, Mark feels he couldn't have gained any of this recognition without the ongoing help of his team and his coach, Mr. West.

"We play as a team. They deserve this title as much as I do," Mark said modestly.

Coach West, excited about Mark's award, commented that this is the first time since 1992-93 that an RC player has been named to All-Area.

Coach West was also honored this year, as Golden Empire League Coach of the Year. "This award reflects more on the team. It's a nice honor," he said.

Mark Munsinger, RC's first player to make All-Area since '93.

Dr. White and La Familia de River City bring back $1,000

By Rishi Sharma
News and Opinion Editor

On March 15, in a display of cultural pride, several Latino students at RC joined staff members in a lip sync contest at Encina High School. The students and staff members competed with four other schools in the Sacramento area and won second place.

Dr. White mimed Linda Rondstat while Monica Silva, Abigail Rodriguez, Araceli Serrato, Miguel Ledesma, Joe Portwood, Carlos Martinez, Ms. Leventon, Ms. Brite, Ms. Costanza, Mr. Hall, Mr. Rodriguez, and Mr. Pina danced a traditional dance and Lucio Lopez, Isidro Garcia, and Alfonso Jimenez played the guitars.

Students who attended the March 7 rally enjoyed a sneak preview of the act when Dr. White and her troupe of dancers entertained the crowd with much twirling and stomping of feet.

The competition was sponsored KZSA and KRYR, two Sacramento area Spanish radio stations. This is a statewide competition, but it is the first year any schools in the Sacramento area competed. RC will recieve $1,000 for participating.

Juan Acevedo one match from state championships

Juan Acevedo is only the third person in RC history to come this far in wrestling.

By Jorge Melendez
Staff Writer

RC's wrestling team MVP Juan Acevedo placed one match away from the state championships. Juan, who is a senior and veteran wrestlers, wrestles in the 135-pound weight class.

The tournaments range from league, sub-section, section, and state. Juan first qualified to move on to sub-section in league when he placed third at Lincoln High School then beat the league MVP to advance to sections. On the first day of sections Juan beat the number-three-ranked wrestler in Sacramento to advance to the second day of sections.

Being one match away from state championships, Juan faced a good friend from Johnson High School who was also Juan's sparring partner. Juan says, "I beat him many times, but I underestimated him."

Juan Acevedo was 22-6 overall and is very proud of his accomplishments due to the fact that many of the wrestlers he faced in tournaments started wrestling at about elementary school while he started in high school. He is only the third person in RC history to make it this far.

He credits Coach Miller for his success this season. Juan said, "I hope wrestling in River City goes a step higher in popularity for it is a sport which is very fun, but also takes a lot of work."

After high school Juan plans to wrestle either at American River College or Sacramento City College.

Physiology experiments on rats

By Patricia Huckabay
Staff Writer

Ms.Virk is going on another voyage. Her physiology classes are exploring the world of steroids.

They will be experimenting with two rats in each class. Each class has one control rat and one experimental rat.

The four rats are brothers, each about two to three years old. Each rat weighs about 85 grams. The rats are expected grow to a body length of three or four inches longer than the average six inches. The experiment will be to find out if the rats will be affected by steroids. Only one of each pair of rats will be given steroids in their water bowls. They will be weighed and their heart rates will be taken each day..

Steroids affect the tissue. They stimulate the making of available protein in the bone. Muscle size and strength increase. Studies show that males become more aggressive when on steroids.

The classes will be looking for side-effects like hair loss and testes shrinking. They are unsure if the heart rate will go up.

This experiment will be over a period of eight weeks. Results will be published in *The Review*.

229 students named to Renaissance

By Alyssa Murphy
Staff Writer

229 students have qualified for Renaissance this semester. Members received their new t-shirts last Friday carrying our own Jose Peralta's artistic design on the front.

Renaissance members can look forward to free popcorn every other Friday. Two lucky members will receive Prom bids, and seniors in the Gold level will receive their caps and gowns free.

Kevin Young is WEX student of the month

Kevin Young is 17, has a 3.5 GPA, and two jobs.

By Melissa Hemmens
Staff Writer

Kevin Young is the Work Experience Student of the month for March. Kevin is 17 years old and is a senior. His GPA for this year is a 3.5.

Kevin works for the Federal Highway Administration. Kevin has worked there for one year, as long as he has been in the WEX program. He has never missed a class at 7:00 in the morning and has a great recommendation from his employer.

Kevin also works at the Pheasant Club. Mr. Pina says that Kevin has a great work ethic and will be a success at whatever career he chooses.

Kevin will receive a ten dollar gift certificate for the movies.

Congratulations for a job well done, Kevin.

College Acceptances

Congratulations to the following students who have been accepted to colleges and universities throughout the nation.

Judit Campos-UC Santa Cruz, UC Irvine, UC Davis
David Clayton-University of Santa Clara, UC Riverside, UC Santa Barbara
Alonzo Garcia-UC Los Angeles, UC Davis
Alyssa Murphy-UC San Diego, Saint Mary's College
Meuy V. Saechao - UC Santa Cruz, CSU Chico, CSU Los Angeles, CSU Sacramento, CSU San Deigo, CSU San Fransisco
Sarah Vanderford-Ripon University, Wisconsin

If you have been accepted to a college, please let Mr. Hall or Jessica Honsinger know!

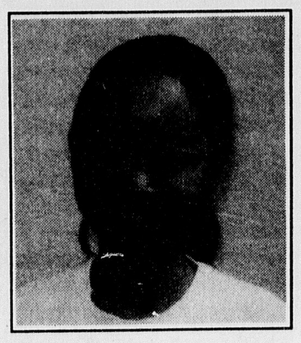

Features

Question on the Quad

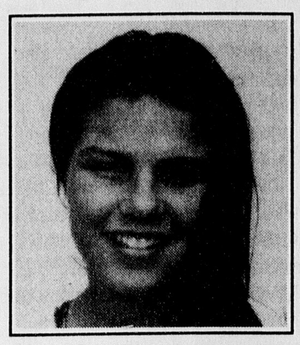

Sorry for all of you avid fans who missed Question on the Quad in our last issue. However, to make it up to you, the staff of *The Review* has asked a question in the true spirit of April Fool's Day. This month's Question on the Quad is "What was the best April Fool's Day prank played on you or you played on somone else?"

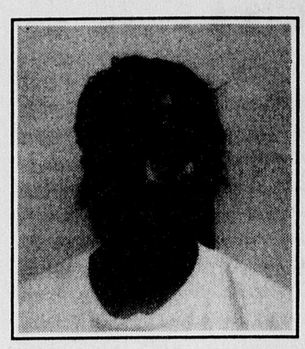

"I told someone I had a glass eye and they believed me."
-Peter Santizo

"Someone told me he was moving out of state so I believed him and I gave him a going away present."
-Meuy V. Saechao

"I read in *The Review* last year that we were going to wear stupid uniforms and I believed it. I even went out shopping for the right clothes."
-Jennifer Munsinger

"I'm too smart to be fooled by anyone on April Fool's Day."
-Douangchanh Lattasima
(Coach Brooks' comment: "That in itself is an April Fool's line.")

Katie Goeden likes music, Gloria Estefan

By Alyssa Murphy
Staff Writer

Periodically, in upcoming issues of the Review, we will be peeking into Room 57 where a group of students, despite challenging circumstances work in unison to expand their minds as well as school spirit.

In the spotlight this issue is our own Katie Goedon, a senior at RC whose kind heart, inquisitive mind, and warm smile are known and adored by many. "Katie loves to listen to people and talk," comments her teacher of four years, Mrs. Garcia.

Katie has experienced many things during her four years here, but will always remember Carnival Day as her most cherished memory.. "It is so exciting," says Katie.

Katie has also participated in many Shadow days, which gives her the opportunity to join with one of the students from Leadership and attend their classes for a day. "It's tiring, but it's fun because you get to see what other people do," Katie elaborates.

Katie has always loved music. She is a big fan of Gloria Estefan. "I went and saw her in a concert. The best part was when she sang my favorite song, *Coming Out of the Dark*. I really like her." Katie also owns many videos of Gloria Estefan in concert.

Born in Los Angeles, Katie plans to stay in Sacramento as she gets older. Next year, she plans to experiment with some of her interests and abilities. "I think I'll go to Sac City College for awhile. I want to work with people that have disabilities," Katie explains about her wish to be a counselor when she gets older. "I like people," she adds.

Katie is extremely personable and loves to help others. She has been instrumental in helping many of her classmates stay interested in school. As Katie will soon embark on an adventurous ride of options, experimenting with them, trying to decipher what she would like to do, wish her luck. She just might have some good advice for you.

Teresa: A Day in the Life

By Ailysha Taylor
Staff Writer

We all know who she is. We've seen her here and there peeping in and out of the classrooms, walking up and down the hallways with her red hair, cute little laugh, and short petite frame. That's right: Teresa, the one and only.

The day is Thursday, February 27, 7:00 am and Teresa prepares for another day in the fast lane, keeping wild young teenagers in line.

Teresa chose to become a campus supervisor because she thinks working with kids and having that feeling like you changed or helped a young person's life is a great feeling. Teresa's whole life has been dedicated to children, including her two boys: John, 25, and Michael, 21.

> *One of the most dangerous situations Teresa has faced was...when she caught one to the jaw.*

Looking at Teresa you can tell that she is doing something that makes her happy by the warm smile and laughter she brings when she talks with you.

A few of you older River City students might remember her from Golden State, where she worked for eight years. Just makes you wonder how they control those kids without her?

The time is now 9:45 am and she's off to another unsuspecting classroom to retrieve another unsuspecting student. She is greeted by the roar of a crowded room of 17-year-old Teresa fans, all waiting to know who is the next lucky victim to be called out of class.

In case any of you were wondering if Teresa has a life outside of River City or Golden State, the answer is yes. She has managed a T-ball baseball team, and she also coached soccer for 14 years. She is currently the president of the California School Employees Association, her union.

We can almost hear the clock's big hand move to read 11:26, first lunch. About 15 minutes have passed and all seems well on the quad, but in the cafeteria that's a different story. Two boys are engaged in a rumble that leads to a high-speed chase for three whole tables! One of the boys slams into a garbage can and the other into a table. Busted, by Teresa.

One of the most dangerous situations Teresa has faced was in the middle of breaking up a fight when she caught one to the jaw. She was sent home for several weeks.

It is 1:03 pm So far, she has collected at least 20-30 students, hung out and about, chit-chatted with her crew and now we are about to swoop up another runaway kid who seems to have forgotten his way to school. When caught, his excuse for going the wrong way was,"I left my homework at McDonalds." Yeah, right!

The time now is 2:45 pm and Teresa begins to prepare for the end. School's out. The massive crowd of kids comes stampeding her way.

As the cloud of dust begins to thin, Teresa can't help but reminisce about the kind words she has received from the wonderful students at River City. Many students can agree that they appreciate Teresa, because she may stick with the campus rules but she really doesn't treat us like little kids. She understands and gives us respect. That's why we respect her.

The time is 4:00 pm and Teresa looks forward to another day in the fast lane at River City.

Our Voices

This month: Teens and substance abuse

I know that to some of you drinking is just a joke. Believe me, for a long time I laughed at the idea of myself having a problem. I mean, come on, I don't drink every day! Wait, here's another one of my great excuses: I can stop. I just don't want to.

I know that my telling you to stop or slow down your drinking won't affect anything. Only you can help yourself, but hopefully when you hear what a mistake I've made you will decide to do some things differently.

I guess it's true that you have to hit bottom before you fix it. Personally, my low was February 7 of this year. I went to a party and of course, as always, drank too much (for me it was expected). I can' tell you much of what I said or who was there because I don't remember. All I do remember is walking home. Simple questions like who I was with or where I was coming from were a total mystery.

When I knocked on my door at about 6:00 am, my mom was getting ready to leave for a meeting. She knew I was drunk, and didn't really know what to say. About five minutes after walking in the house, I realized, "Hey, wait, I drove to the party. So where is my car?" Ya, that's right. The most important thing to me and I had no idea where it was.

I finally found my car (a friend had it and didn't know that I had gotten out of the car and walked.) I decided it was time to stop. It's not easy when I go out and alcohol is all around me. Maybe you don't have a problem, but if any of this sounds familiar maybe you should take a closer look and see what's really there.

-Courtney Myers

Imagine walking down 5th Avenue and a big puff of cigarette smoke takes over the fresh air you were once breathing. All of a sudden you start to gag, and the young girl smoking gives you this ugly look as if to day "What are you complaining about? Everyone smokes!"

Unfortunately she is not too far from the truth. Every day in the United States more than 3,000 young people become regular smokers. I'll do the math for you. That's more than one million new smokers a year. And people wonder why the earth is polluted. Not to mention the fact that when you smoke cigarettes, weed, crack, etc. you're killing your own body with poisonous chemicals and maybe even blackening a lung or two.

A person might ask, what possesses a teenager to start smoking? From the experiences I've had, I would say peer pressure seems to be the leading cause for lighting up. That and the fact that some teens are just plain stupid. It is a known fact that teens who smoke are three times more likely than nonsmokers to use alcohol, eight times more likely to use marijuana and twenty-two times more likely to use cocaine. Several studies have proven nicotine to be as addictive as heroin, cocaine, and alcohol.

Besides having bad breath, smelly clothes, and yellow teeth there is yet another reason for smokers to kick the habit. A recent study of more than 50,000 women found that those who smoked more than a pack of cigarettes a day were 50% more likely to have excessive facial hair than nonsmokers. That is nasty! Imagine having to explain why you have a beard to your nice-looking blind date. There goes your love life. Not to mention the fact you would have to shave your face every couple of days.

I don't look down on people who smoke but I do think it's **disgusting** and I wouldn't recommended it to anyone. If these facts I've presented to you aren't enough to persuade you to stop smoking, then check out the consequences you might come face to face with.

As of January 1, 1997, a minor convicted of buying or possessing tobacco products could be fined $75.00 and may receive a maximum of 30 hours community service.

-Jennifer Cranfeld

I don't understand why many young adults ages 16, 17, 18 and beyond ruin their lives by doing drugs and becoming alcoholics at such a young age.

I go to parties in this town thinking I'm going to hang out with friends. I should know by now that high school parties and college parties are all about who can slam down a "forty" the fastest or who can get so loaded they can't remember what happened the next day.

I admit it is kind of funny to watch other people act stupid. I think to myself, "Gee I wish I could get drunk and high like these guys, so I could wake up in someone's bed I don't even know!!!

People always say to me, "You're so good. Why can't I be like you?"

In my opinion, you have to know what you want in life. If a person wants to lead a destructive life by abusing substances then they will not go anywhere, but if a person wants to be somebody, then they have to work extra hard.

You cannot get drunk every night or get high before classes and expect to do your best. I have friends who come up to me and say, "I don't understand why I'm getting bad grades. I just shrug my shoulders and say, well you'll do better next time. I don't want to be the one who breaks it to them that they can't learn when they're not all there.

I try to be a good influence by showing my friends that I can have fun without being on something, but time after time I find another friend at another party getting wasted. The way I see it is, you can't help someone if they don't want your help.

-Melissa Hemmens

Jessica's Braindrips.....

Being Senior Editor of the paper has bonuses. One is getting space to empty out the junk that's been floating around my mind all month into a semi-organized format. I get to do this every month, too! Wait, maybe it's just a creative way to fill space...never mind.

NASTY EVIL POLITICAL CORRECTNESS!

This Political Correctness thing is really getting out of hand. It's not all bad, but it is getting there, and its starting to spread.

Oh, so now you want an example? Here ya go. I've been reading up on the University of Oregon, Eugene, because that's where I've been accepted to college. They have certain dorms that have themes, like "outdoor life" or "health." Well, in the health dorm, the residents can't smoke, drink, or do drugs. If they do, they get kicked out and moved to another dorm. Well, last year some students complained because other students were using Sweet N' Low in their tea. Sweet N' Low. Now come on, folks. Isn't that taking it a wee bit too far?

Would you like another example of the insanity that political correctness is wreaking? Thought so! I'm sure by now we've all heard about the six-year old who was suspended and made to miss an ice cream party because he kissed a little girl on the cheek. So what happened? The evil PC people got a bug up their... (well, you know) and screamed sexual harassment. HELLO!!! The kid is SIX! If he was eighteen, and grabbed a girl's chest, that would be sexual harassment. But a playground kiss? What is the world coming to?

Don't get me wrong, now. Like I said, some political correctness is good. A lot of it makes people think, like not stereotyping people by their race. Not all Asian people are Chinese, you know! But, of course, there are people out there that are taking it way too far. This happens in everything! Unfortunately, these odd children are getting to the rest of us. If this happens, the world will end. Well, maybe not end, but it sure won't be as much fun. And if life isn't fun, what's the point of getting out of bed?

We want to hear YOUR voices! Submit your letters and opinions to The Review!

Sports and Activities

RC tennis on way to repeat championship

By Barbara Silveira and Rishi Sharma
Staff Writers

The RC tennis team is off to a booming start this year. With a 9-0 record overall and a 1-0 record in league, the team is in line to win the league championship for the second time in two years.

On February 25, the team played Kennedy High School in a scrimmage match, winning 12-8. The first real match was played against Dixon High School on February 27 and RC blew Dixon out of the water with a 8-0 win. The next day, the tennis team showed no signs of relenting as it pounded Argonaut for a 5-0 win.

On March 4, the team went head to head with Vanden, coming out with a 6-3 win. This was followed with a game on March 6 when RC beat Amador 4-1. RC again showed its dominance when it went against Highlands on March 7 with a 9-0 win and against Calaveras on March 11 with a 7-2 win. March 13 brought RC to Livingston where RC won 5-4.

This phenomonal success of the RC tennis team was followed by two 9-0 sweeps, against Foothill on March 18 and against Golden Sierra on March 20 in the league opener.

According to Dave Brooks, RC tennis coach, Colfax and RC are the two best teams in the league on paper, but another school may come in and surprise them. Mr. Brooks said, "Last year we won the league championship, and this year we want to win it without losing a single league match." With scores like the ones they've had, they may very well accomplish their goal.

Some outstanding members of the team include Douangchanh Lattasima who has yet to lose a single set, let alone a game, and Peter Santizo and Khontavy Phounglasy who have not lost a single game as a mixed double.

The members of this year's tennis team are: Joseph Brown, Prak Pich, Sarika Chand, Jennifer Pollard, Ahmad Fazel, Aaron Potnick, Melissa Ferrell, Nik Prawdzik, Starlett Garcia, Meuy V. Saechao, Matin Gardizi, Peter Santizo, Misty Hocking, Sandy Sisavath, Casey Insixiengmay, Toy Soupanthavong, Khampheng Insixiengmay, Phoungeun Souvannaphoungeun, Alexandr Klimushkin, Joel Templin, Douangchanh Lattasima, Jeff Wright, Bethany Monroe, Ae Noy Xayasone, Loan Nguyen, Juy Yang, James Padua, Sue Yang, RJ Padua, Khonthavy Phouanglasy, Sisavat Phouanglasy, and Sarom Phoung.

Girls' soccer wins first league game of season

By Rishi Sharma
News and Opinion Editor

The RC women's soccer team has been very busy. With five games in the last month, the women's soccer team has improved drastically from last year with an overall league record of 1-1.

On March 12, the team played Encina High School in the league opener and won 5-0. Members of the team were excited and elated at the victory. Marie Vasi, varsity team goalie, said, "After all of our practice, we finally pulled together and worked as a team showing our true ability in our time of triumph."

Raman Bola, varsity team captain, added, "I'm going to Disneyland."

Mr. Restivo, head coach, is very happy to have the continued assistance of Memo Villegas. Mr. Restivo says that Memo is a very dedicated and hard working coach who has much experience in soccer. He accepts no excuses and is extremely motivated.

Raman Bola, Sarah Lesly, Lindsay Fortune, and Tavia Herren, are all players that Mr. Restivo commends for being "highly motivated and spirited." He also commended the goalie, Marie Vasi, for having a good attitude. Mr. Restivo says, "All the girls are really super. That's beginning to show."

Mr. Restivo commented on the fact that the team this year is very young. There is only one senior, four juniors, and the rest of the team is sophomores and freshmen. He believes that the team is very successful considering the ages of the team members.

The varsity team is primarily composed of sophomores. When this team goes against a team with all seniors, the contest is not a fair one because those senior players have two more years of experience and body buildup. However, Mr. Restivo does believe that the RC women's soccer team will improve over the next two years. He says that RC's sophomore players can beat most sophomores in the area, and when they become seniors, he thinks they will be one of the strongest teams in the area.

Varsity baseball looks for repeat of championship

By Joe Dastagirzada
Staff Writer

This year's River City varsity baseball team has a record of 4-3 and is 1-0 in league play under Coach Loforte.

The varsity baseball team lost their first game at Woodland 13-9, won their second at Christian Brothers 4-3, lost their third at home against Roseville 5-2, won their fourth at Sacramento High 8-7, won their fifth at Will C. Wood 1-0, lost their sixth at home against Vanden 3-2, and beat Golden Sierra at home 5-0 last Thursday.

Asked what he thinks of this year's team, Coach Loforte replied, "I think we'll do very well if we keep everyone healthy. We played very tough against Woodland who is ranked number seven."

Gary Herren added "We have a great and healthy team."

Sal Huizar said "We we have a lot of potential."

Justin Deed commented "We are a good team. We are returning champs and we have a championship state of mind."

Asked how far he thinks the team will go, Coach Loforte replied, "We have the potential to get another league championship. We have good depth and we are a great competitive team."

Sal Huizar, Jesse Hanson, and Justin Deed agreed that the team will go to the playoffs.

Coach Loforte added, "Our strengths are pitching and hitting the ball well. Our weaknesses are a couple of areas on defense, and we have to be very consistent."

This year's 1997 varsity baseball players are Michael Alvarez, Randy Byard, Jason Cooper, Justin Deed, Jesse Hanson, Steve Hawkinson, Sal Hernandez, Gary Herren, Sal Huizar, Gerrit Markus, Marc Palamidessi, Allen Pearson, Angel Preciado, Abel Raymundo, Brian Schrimsher, Chris Shower, Jaimes Timas, Sergio Valdez, Lorenzo Vasquez, and Brian Sidhu.

CONGRATULATIONS!!!!!!!

TO VARSITY MEN'S BASKETBALL COACH JON WEST AND VARSITY WOMEN'S BASKETBALL COACH HEATHER BRITE ON BEING NAMED GEL COACHES OF THE YEAR!

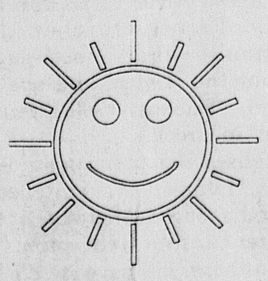

Softball update

By Jessica Honsinger
Senior Editor

River City's varsity softball team is up and running! With a season-starting 18-5 rout over Golden Sierra on March 20, the Lady Raiders are looking forward to a winning year.

The secret to the team's success may lie in their close relationship with each other. At a recent practice, in addition to working hard, the team laughed and joked with each other, cheered when a good play was made, and encouraged when a mistake happened.

The Lady Raiders are currently playing in the Johnson Tournament at the Sacramento Softball Complex. Their next game will be at home against Luther Burbank High School on Tuesday, April 2, at 3:30. Come out and cheer them to a victory!

HAVE FUN OVER SPRING BREAK!

'97 track season up and running

By Amanda Valdez
Staff Writer

River City's track team made a good showing at the first league meet on home turf. Varsity boys beat Lincoln 85-38, and Lincoln beat R.C.'s girls by only seven points (60-53).

Ms. Ransom, RC's math teacher, coaches the River City track team. She said, "I enjoy coaching track because I was an athlete in high school. Despite running a lot, track is really fun. The team sees a lot of great athletes from other schools and they have great competitions."

The track team has a good start this year because the team is a lot larger than last year. It is bigger because they have a lot more girls on the team than River City has ever seen, plus more boys than the past three years.

Many of the teams the track team will be competing against will be tough competition because they have many runners. For example, Encina has 80 runners. Ms. Ransom said, "My expectations for this year's track team are to have fun, work hard, and to push themselves as far as they can go."

This year's R.C. track and field team consists of Mandy Grewe, Kelly Rich, Maureen Oliver, Yelena Panchuk, Nadia Chernozubov, Stephanie Head, Rose Herr, Sara Shoop, Tatiana Ashford, Donna Collins, Ezra Santiesteban, Bernie Stanhope, Jason Gailey, Chris Bluford, Malfred Shaw, Mark Brazell, David Clayton, Curtis Buchholz, Steven Tate, Josh Pruitt, Khae V. Saechao, Sekani Perkins, Sekayi Perkins, and Juan Acevedo.

Jayvee baseball swings into action

By Jorge Melendez
Staff Writer

River City's jv baseball has started the season with a 2-4 record and is 1-0 in league play. The coach is Rod Massey.

Games they lost were against Will C. Wood, Christian Brothers 7-2, Woodland 3-2, and Sacramento High 3-2. They beat Vanden 4-3 and Golden Sierra in league play 2-1.

This year's jv baseball team's members are Samuel Cormona, Robert Cervantes, Ronny Crayne, Robbert Flippen, Tommy Gamboa, Clay Harrel, Eric King, Mark Marshall, Juan Carlos Mejia, Arnold Mendes, Dusty Miller, Trinon Myers, Mario Ochoa, Mario Santos, Ricky Santos, Gilbert Savala, Brady Tacdol, and Hector Yabes.

THE RIVER CITY HIGH SCHOOL REVIEW PRESENTS

SAFEWAY

Student-Athletes of the Month:

CHET PERRIGO, 16, has played basketball for RC for three years and says it is his favorite sport. He maintains a 3.28 GPA and plans to go to Univ. of Arkansas to study computer programming.

SARAH VANDERFORD, 18, has played volleyball for two years, softball for four years, and wrestled for a year. She likes softball best. She holds a 3.47 GPA and hopes to be a physical therapist.

RANDY BYARD, a senior at RCHS, plays basketball for River City, and has played the sport for ten years. He holds a 2.9 GPA and plans on attending Sacramento City College and studying marine biology.

KEVIN BAGDAZIAN plays golf and football for River City. He likes playing golf more, and hopes to receive a college scholarship from his playing. Kevin hopes to go to the University of Nevada, Reno, where he wants to study wildlife biology.

Mr. Engoron goes to the dogs

Mr. Engoron announces he will leave RC to become a dog obedience trainer, students cheer his departure.

By Lynn Gweeny
Staff Writer

After 31 years, Mr. Engoron is finally retiring. The RC drama and English teacher announced his retirement in a teary farewell on the final night of *Kindertransport*, the play he directed this year. This announcement came on the heels of a very stressful time in trying to put the play together.

Mr. Engoron said that he was sick and tired of teaching kids for three decades and that he was going into dog obedience training. He has been considering making the career change for some time. However, he came to a final decision after the cast of *Kindertransport* drove him over the edge.

Amazingly, Mr. Engoron reports that he will make MORE money in this new job, and he believes it will be less stressful. When asked whether or not he will miss his position of teaching RC students English, he responded with an emphatic "NO."

Mr. Engoron came under fire recently for the disclosure of his unusual grading policy. It seems that for the past several years he has thrown essays onto the floor and trained his dogs to "fetch."

The essays which the dogs brought first got A's, the next batch would be B's, the third C's, and so forth. The F's would be the essays that the dogs didn't bother to touch.

Football field soon to gain new dome

By Cal Culas
Staff Writer

How does a dome over the football field sound? Starting next fall the football field will be covered and air conditioned. The cost of this new and improved field will be around $650,000.

Many football players and cheerleaders were happy about the change. Some players said, "This is the best thing that has happened to RC. During the season we practice in the heat which slows people down and makes them lazy. With the dome we don't have to worry."

Some cheerleaders said, "It's a great improvement because during games we cheer with short skirts and it's very cold outside. Now we can turn the heater on and cheer without worry."

Although the Enquiring Raider is committed to telling the truth, sometimes we don't know what the truth is. If you don't believe the above story (and we know who you are) then read the following story.

Big changes at RC snack bar

By Barbie Silver
Staff Writer

After spring break River City students will be coming back to a whole new snack bar. It will be bigger and better. Healthwise, that is. After March 28, the snack bar will no longer sell junk food. It will be turned into a health bar. Say goodbye to the candy bars and the chips, and say hello to the tofu and the carrot sticks.

Kelly Redlich and the food service staff took a petition to Dr. White and the administration for a healthier snack bar. The administration and Dr. White have wholeheartedly agreed. So on March 28, River City students should take advantage of the last day of junk food. After that not even the student store can sell junk food.

Is there any way we can stop this new, healthy trend at River City? Well, according to the school board this is absolute and cannot be changed. There is nothing we can do about the no-junk-food snack bar, so I hope you can get a taste for tofu and sprouts.

For all those people who like red meat, and who are constantly clogging their arteries with greasy foods, there will be no more of that. If you want a burger for lunch it will have to a veggie burger. There will be a "no meat-eaters" allowed sign posted on the cafeteria door and in the lines of the snack bar and student store. Now all those people who said they would never eat their veggies have no choice.

River City Snack Bar Menu

Breakfast	Prices
Bran muffin: dry or very dry	$.50
Broccoli breakfast burrito	$1.00
Grapefruit	$1.00
Special K with soy milk	$1.00
Lunch	
Tofu and tomato sub	$1.35

Giant mutant rat terrorizes campus

By Iyma Lyer
Staff Writer

A giant rat escaped from Ms. Virk's class room Friday morning! Her experiment on the effects of steroids on rats has backfired. One of the experimental rats was overfed!

The rat from period four, Yoda, was mixed up with the rat from period five, Templeton. Yoda was only 150 grams but, over fed on steroids, grew to be over 150 pounds!

When Ms. Virk opened her room Friday morning she discovered it in shambles and Yoda missing from his cage.

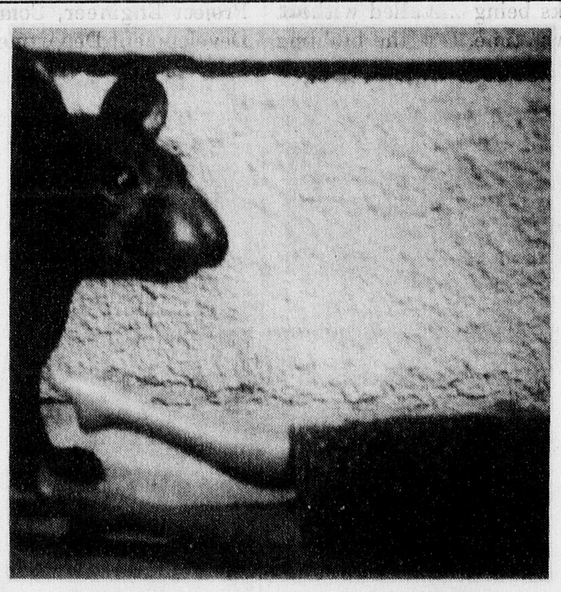

All Ms. Virk remembers is a huge rat coming around the corner in the back of the room and almost knocking her down.

Yoda then ran down the hallway and sat in the quad and growled at Dr. White, who fainted from shock.

Yoda ran off campus and down Clarendon street. Animal control set a six-foot mouse trap with a piece of cheese six feet by three feet. Yoda took the bait and died of a broken neck.

Linda Eggleston said "I loved that rat. I will miss him."

The students are sad but also frightend by the effects of steroids.

Dr. White faints at the sight of the 150-pound rat.

Big sports are out

By Frank Furter
Staff Writer

Next year at River City the three major sports--football, baseball, and basketball--will be canceled. That's right. They will not exist. Instead, the district wants less violent sports so we will have a chess team, a magic card team, and a ballet program.

According to Mr. Whittemore, the district did not want to support "these savage sports" any longer. The district will also use the money saved to fund school spelling bees and healthier lunches at the snackbar.

The district told Mr. Whittemore that the decision will not change for any reason at all.

Class of 1997 to graduate in cafeteria

By Shandah Leare
Staff Writer

All seniors look forward to the day they graduate. This year's graduating class, however, may not be so excited. Rumors is that the class of 1997's graduation will not be held in the Memorial Auditorium, but in RC's cafeteria.

An RC student, who asked not to be identified, claims to have overheard staff members during a recent lunch. "They were talking about how the seniors had really messed up," the student said. "I heard one say that they better enjoy the cafeteria graduation."

RC staff have been unusually quiet about this brewing controversy. None would comment to *The Enquiring Raider*.

The details are this. Members of the senior class have caused so much damage to the school that there is simply not enough money in the budget to rent the hall. The cafeteria graduation will be more affordable for the class. Each graduate will receive a free meal--enchilada, green beans and milk--with his or her diploma.

With 250 students in the class of 1997, it is estimated that there will be ten graduation tickets to distribute throughout the class.

Parking fees to be implemented April 1

By Sal Adbar
Staff Writer

Beginning April 1 River City High School students will have to pay a $5.00 dollar weekly parking fee. This money will be used to fix the parking lot, for it has severe potholes all around.

Mr. Whittemore said, "I think it is a darn good idea because just last week I drove up to park in my space and as I stepped out of my truck, I fell about two feet. I managed to get out but with only one shoe on. I could not find the other and the whole school day I walked around school with one shoe and one bare foot. I'm just glad and surprised nobody noticed at all, other than Mr. Lopez."

Senior Carlos Martinez suffered a terrible fall in a pothole which caused a broken ankle, 10 broken fingers, and kidney failure. He caught the chicken pox for the second time and unfortunately lost one ear. Carlos said "In spite of all this, my hair didn't suffer severe dislocation."

This issue has been discussed numerous times and finally it will happen. Some say it is unfair, but some say since the students use it, they should pay for it.

Tupac sighted!!

By Addie Tude
Staff Writer

It's been almost five months since the death of famous rapper Tupac Shakur, so why are we still having so many out of the ordinary 2pac sightings?

In February, a bald headed woman said she spotted him across the street from a wig shop.

Two weeks ago, one of the homies said they saw him at The Arden Mall in Sam Goody looking at country music cd's.

Just last Saturday an eight year old boy named Timmy swore he saw him eating ice cream in the park with Barney.

If you ask any woman who has seen or even heard of the irresistable rapper she will testify that he is hiding out with her every night.

Now answer me this. How is 2pac going to be across the street from a wig shop, eating ice cream with Barney, looking at, yes, country music cd's and hiding out in every female 2pac fan's house AND peacefully buried six feet underground all at the same time?

There's only one way to answer that. He was the first human ever to be cloned!

New variety offered in RC ROP classes

By May Bee
Staff Writer

Next year's ROP program will have a variety of exciting career opportunities. Classes will include Circus Performer Skills. Learn to be a clown, magician, ringleader, or a juggler.

Other new offerings will be How To Be a Rock Star and Mortuary Cosemetology. A mortuary cosmetologist works with dead people. They dress them, do their make-up, and do facials. "People are just dying to get into these programs," said an ROP representative.

Other recently announced classes include Astrology, Numerology, and Dream Analysis. Your dream career might be waiting for you to discover it in the ROP program. So, what are you waiting for?

Dress code changing

By Bea Keeny
Staff Writer

RC staff say they are sick and tired of dealing with the dress code for this year. So starting 4th quarter the students of River City High School will be allowed to wear anything and everything they want.

For all you girls who cannot give up those short shorts and itty bitty skirts, you don't have to. Start stocking up now.

And for you young men who have been working so hard all winter to get that fine summer look, you can show off by wearing your manly muscle shirts and spandex. YES!!! Spandex! They are in this year, boys!!! The school is even having a beach day May 21st. We can all throw on our bikini's and speedo's and have a whale of a good time.

Oh, yeah, don't forget to bring your water wings. Ta ta, dress code!

Prom times change

By Gia Metrie
Staff Writer

Moondust in Your Eye is the theme for the 1997 Junior-Senior prom which will be held on April 25 from 11:00 am-3 pm.

In the past, all RC proms have been held in the evening, but this year's junior class officers voted unanimously to try something new. In fact Dr. White likes the idea so much she said, "I think it's a terrific idea. It's something new." She wants to make it a new RC tradition.

With prom coming up so soon try to make those hair and nail appointments ASAP. Bids will go on sale two weeks before the prom for $150 a couple, $300 singles, so start saving. This price does not include parking, food, or music.

Say adios and au revoir to Spanish and French

By Kelli Fornia
Staff Writer

It's out with the new and modern and in with classical education for River City students next year. Instead of the traditional French and Spanish for foreign language classes, River City students will now choose between Greek and Latin.

This decision was made so that students have something new to choose from, and to make RC sound classy.

I asked River City's one and only French teacher Ms. Connolly what she thought about the change and she replied, "Eucharistia"! ("Thank God" in Greek.)

Melissa Hemmens, a student, said, "I think it's very intellectually challenging; therefore, it will better our future education."

So there you have it. It's out with the modern and back to the good old days. I don't know about anyone else, but it has always been all Greek to me.

Police log
will return next week. . .

Civic servants sought

The City of West Sacramento is currently accepting applications for vacancies on the City's Code Appeals Board and Parks & Community Services Commission. The Code Appeals Board acts on appeal on fire and building code citations and nuisance abatement actions; the Parks & Community Services Commission acts in an advisory capacity to the council.

For information, call 373-5800.

Boat ramp fund decision delayed

The Boating and Waterways Commission postponed consideration of a $93,000 Department of Boating and Waterways grant to the City of West Sacramento at a meeting March 12 in San Luis Obispo. The grant proposal is now scheduled to be heard on May 14 in Sacramento.

The proposed grant project is the initial phase of a $423,000 project to improve the Broderick board launching facility, located on the Sacramento River in Yolo County. The proposed project includes the removal and replacement of the existing restroom and boarding floats; improvements to the parking area include restripping, minor repavement and lighting improvements; and installation of a new irrigation system and landscaping.

The seven-member Boating and Waterways Commission, appointed by Governor Pete Wilson, provides advice and consent on loans and grants, and advises the Department on all matters within its jurisdiction. Funding for the projects is derived from the taxes paid by California boaters on the purchase of gasoline for their vessels.

You don't have to tell a friend about the News-Ledger, West Sacramento's long-time leading local newspaper.

But it would be nice.

West Sac firm hired for old 'Vacation Inn' project

From Art Schroeder
Community Relations
Redevelopment & Housing Agency
City of West Sacramento

"When it's finished, it will be a place I'd be proud to call home," claims William T. Brown, president of Brown Construction, Inc. "It will be a first class building, the equal of any in northern California."

Brown's West Sacramento company has been selected to build the Margaret McDowell Manor (formerly the Vacation Inn), by Christian Church Homes of Northern California, the non-profit developer of the site at 1525 Merkley Avenue in the City of West Sacramento. Margaret McDowell Manor will provide comfortable, affordable housing for seniors, after construction begins in 1998.

D.H. "Mac" McCreary, executive director of Christian Church Homes, reviewed a competitive field of contractor candidates, but cited several factors in favor of Brown Construction.

"First, they have the experience of working with HUD 202 funding," he said. "Brown has been the contractor in five of the past six HUD 202 allocations out of the Sacramento office. They have built a number of large, multiple family units. They've proven to be cost effective, with a minimal record of change orders. There's diversity in their team and they have a tie to the West Sacramento community," McCreary observed.

Grants to develop and construct the Margaret McDowell Manor were approved under HUD 202 funding by the U.S. Department of Housing and the State Department of Housing and Community Development. The process of repairing site plan drawings, obtaining use permits and building permits, with the approval of the City and HUD, receives a high level of scrutiny. Brown has an excellent record of cooperation and compliance.

Brown Construction was incorporated in 1971. In the past decade, William Brown has been joined by his son, Ron, and his daughter, Cindy Wilson, making it family business.

"It was never a planned thing for my kids to come to work," Brown recalled. "In fact, I was looking to wind down. But then one day, my son shows up and says, 'I'm ready to go to work, Dad. Well, it gave me a new feeling.' He's opened up new avenues in commercial construction. Andy my daughter is a job operations superintendent. It's just great. I'm really having a lot of fun these days."

After being based in Davis for 25 years, Brown Construction relocated to West Sacramento in 1995.

"We like West Sacramento because of its close proximity and freeway access. We work with a great list of local subcontractors. Now you couldn't pry me away." Brown is planning to build and occupy a new office warehouse near its current location on Halyard Drive.

About the Margaret McDowell Manor, Brown says, "It will fill a tremendous need for the senior population for years to come."

Patrick MaHoney in Gulf

Navy Petty Officer 1st Class Patrick M. MaHoney, son of Clifford P. and Mary M. MaHoney of West Sacramento, is halfway through a six-month deployment to the Persian Gulf as part of the Middle East Force aboard USS Leftwich.

Destroyers, like MaHoney's ship, have traditionally been the workhorses of the U.S. Navy, defending battle groups against threats from land, sea and air. USS Leftwich is equipped with Tomahawk, Harpoon and Sea Sparrow missile systems, two five-inch guns, two triple torpedo tubes and advanced sonar systems. In addition, MaHoney's ship also carries two helicopters with sonar and torpedo capabilities which expand the ships reach.

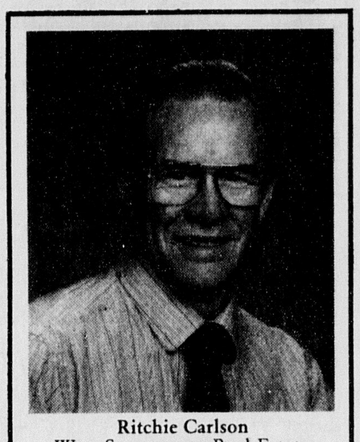

The 1983 graduate of River City High School joined the Navy in March 1984.

TENNIS from p. 3

team of Toy Soupanthavong and Loan Nguyen won 10-4. Also starting slowly was #1 girls singles player Douangchanh Lattasima. The R.C. junior was down 1-5 in the first set to Golden Sierra's Melissa Schmidt before winning 12 straight games for a 7-5, 6-0 win. Lattasima has yet to lose a set this season, and like her team is a perfect 9 and 0 on the year.

In other singles matches, #2 Meuy Saechao avoided any early problems and cruised to a 6-0, 6-2 victory while on the boys side, both #1 Ahmad Fazel and #2 Jeff Wright turned matches which were close early into lopsided wins, 6-3, 6-0 and 6-3, 6-2, respectively.

Earlier in the week, R.C. clobbered Foothill 9 to 0 in a nonleague match, allowing the Mustangs only six total games in the nine matches. This week the Raiders travel to both St. Helena and Vanden for nonleague matches before visiting Highlands next Tuesday. Their next home match is Thursday, April 3 against Natomas, while their next G.E.L. contest is not until April 8 when Marysville visits River City.

CITY WORKERS from p. 1

dressed, and appropriate follow-up with other City departments. Leber also recently completed a course in conversational Russian to improve communications with members of the Russian community.

The 1997 Team of the Year, the Police Facility and Communication Task Force, was selected from three teams nominated by various departments. The team members are Michael Foley, Fire Marshal; Harry Gibson, III, Principal Planner; Drew Gidlof, M.I.S. Specialist; Leigh Keicher, Director of Finance; John Moore, Finance Manager; Bruce Muramoto, Police Lieutenant; Tom Onishi, Construction Manager; John Otto, Construction Manager; Bhu Patel, Building Division Manager; Carol Richardson, Assistant City Manager; Steve Thompson, M.I.S. Manager; Randy Williams, Administrative Aide; and Maria Wong, Associate Planner. The cooperative efforts of this large inter-departmental team resulted in the James P. McKnight Police Facility being completed within budget, communication networks being installed without "down" time, and the building being ready for occupancy on November 15, 1996.

Special Recognition Awards were also given to temporary or contract employees for their outstanding contributions and customer service. Employees honored were David Carey, Records Management Assistant, City Manager's Office; Patty Mosby, Permit Technician, Community Development Department; Luther Mui, Engineering Assistant, Community Development Department; and Paul Tjogas, Project Engineer, Community Development Department.

KINGS from p. 3

Kings travel back east to face a very difficult challenge in beating Orlando, Miami, Atlanta and Utah. All these teams have winning records and are fighting for playoff positions. The Kings need to win two of these games or my money for the playoff tickets will be used as next year's deposit on my season tickets!

government. The Administrative Office of the Courts responded to Yolo County's request for assistance by underwriting and participating in the workshop in an advisory capacity. The meeting agenda was developed by Dan Straub, Ph.D., of Anabasis & Straub, who directed the discussion and exercises in problem identification and resolution.

Utilizing the Trial Court Performance Standards as a guide, priorities were identified in court performance areas such as access to justice, expedition and timeliness, equality, fairness and integrity, independence and accountability, public trust and confidence, and the relationship between the court and the board. Current communications mechanisms were examined for effectiveness with ideas for improvement suggested and agreed upon, and extensive discussion took place regarding the expectations each branch of government has of the other and of themselves.

As a result of the meeting, a strategic agenda was developed, and recommendations for execution of the agenda are currently being evaluated. Some of those recommendations included:

The creation of a Justice Center Planning Team Committee with representatives from the Board, Sheriff, Public Defender, District Attorney, Alcohol and Drug (Drug Court) Program, and Judges to make evaluations and recommendations for a new Justice Center, including security requirements, arraignments, and secure courtrooms.

Additionally, comments were expressed to explore ideas for improvements to the court operations utilizing the appropriate technology when feasible.

The spirit of cooperation developed between the court and the board at the December workshop is clearly illustrated in the recent attempt to jointly resolve the trial court funding crisis.

All participants in the workshop expressed satisfaction with the outcome and a desire to attend annual meetings of this type.

NOTICE OF TRUSTEE'S SALE Trustee's Sale No. 05-TI-9036 Loan No.: 065206-5 FHA YOU ARE IN DEFAULT UNDER A DEED OF TRUST, DATED January 24, 1994. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. On April 2, 1997, 4:00 PM, at the Main entrance to the City Hall, 2101 Stone Boulevard, in the City of West Sacramento, County of Yolo, State of California, Regional Service Corporation, a California corporation, as duly appointed Trustee under that certain Deed of Trust executed by Bryan K. Rankin and Shannon L. Rankin, as trustors, recorded on January 31, 1994, as Instrument No. 003230, Book 2603, page 441 of Official Records in the office of the County Recorder of Yolo County, State of California, under the power of sale therein contained. Will sell at public auction to the highest bidder for cash, or cashier's check (payable at the time of sale in lawful money of the United States) without warranty express or implied as to title, use, possession or encumbrances, all right, title and interest conveyed to and now held by it as such Trustee in and to the following described property situated in the aforesaid County and State, to-wit: Tax Parcel No. 58-041-45. From information which the Trustee deems reliable, but for which Trustee makes no representation or warranty, the street address or other common designation of the above described property is purported to be 421 - 11th Street, West Sacramento, CA 95691. Said property is being sold for the purpose of paying the obligations secured by said Deed of Trust, including fees and expenses of sale. The total amount of the unpaid principal balance, interest thereon, together with reasonably estimated costs, expenses and advances at the time of the initial publication of the Notice of Trustee's Sale is $96,488.96. Regional Service Corporation, Trustee, By Marilee Hakkinen, Treasurer, Address of Trustee: 1201 Third Avenue, #2730, Seattle, Washington 98101, Telephone Number: (206) 340-2550, Sale Information: (206) 654-5545 Dated: March 3, 1997 ASAP250100 3/12, 3/19, 3/26

NOTICE OF HEARINGS

NOTICE IS HEREBY GIVEN by Reclamation District No. 900 that it is considering an increase in its 1997-1998 Operation and Maintenance Assessment for the purpose of covering its operation and maintenance costs. The current 1996-1997 assessment revenues already collected are not expected to cover all of the District's operation and maintenance expenses for the 1996-1997 fiscal year thereby necessitating this proposed increase.

The current assessment for the 1996-1997 fiscal year is $.15 for each $100.00 of assessed valuation as appearing on the Operation and Maintenance Assessment roll for the district with a minimum charge of $6.00 for each assessed parcel. The proposed assessment increase to accommodate the increased Operation and Maintenance expenses of the district is proposed to be $.20 for each $100.00 of assessed valuation with a minimum of $8.00 for each assessed parcel.

This proposed assessment increase will result in an assessment per acre of land within the district in the use categories listed below as follows:

Agricultural/Vacant Land - $6.00 per acre
Commercial, Industrial and Office properties - $200.00 per acre
Residential Land - $100.00 per acre.

The above per acre assessment values will be multiplied by the benefit factor assigned to the benefit zone in which the parcel is located. There are seven benefit zones in the district. The benefit factors range from .41 to 1.27.

The minimum assessment for each parcel under the proposed increase will be $8.00.

Property owners within the district may mail any protests against the proposed increase to the district's office at Post Office Box 673, West Sacramento, California 95691. Additional information may be obtained at the District's offices located at 1420 Merkley Avenue, Suite 4, West Sacramento, California 95691 or they may call the District office at (916) 371-1483.

The Board of Trustees of Reclamation District No. 900 will hold a public meeting on Wednesday, April 9, 1997 beginning at 6:00 p.m. at the West Sacramento County Service Center meeting room located at 500-A Jefferson Boulevard, West Sacramento, California 95691. The purpose of this meeting is to explain the necessity of the proposed assessment increase and to receive any public comments related to it. Thereafter, the Board of Trustees will hold a public hearing on the proposed assessment increase at its regular meeting on Friday, May 9, 1997 beginning at 9:00 a.m. at the district offices located at 1420 Merkley Avenue, Suite 4, West Sacramento, California 95691.

Following the conclusion of the public hearing the Board of Trustees may act upon the proposed assessment increase.

Dated: March 20, 1997

SUPERIOR COURT OF CALIFORNIA, COUNTY OF YOLO
725 Court Street, Room 103
Woodland, CA 95695

In the Matter of the Application of:
CASE NO V97000096
for Change of Name SUSAN KELLY
ORDER TO SHOW CAUSE - CHANGE OF NAME

WHEREAS, Susan Kelly has filed a petition with the Clerk of this court for an order changing name of Susan Kelly to Suzanne Malson;

IT IS ORDERED that all persons interested in the above entitled matter appear before this Court at 8:30 AM, on April 8, 1997, in the Courtroom of Department 7 at the Courthouse, Woodland, California, 95695, and show cause, if any, why the petition for change of name should not be granted.

IT IS FURTHER ORDERED that a copy of this order to show cause be published in the News-Ledger, a newspaper of general circulation, printed in Yolo County, California, once a week for four consecutive weeks prior to the date set for hearing on the petition.

NOTICE OF TRUSTEE'S SALE UNDER DEED OF TRUST
LOAN: 7983850/COMPTON-CONV OTHER: 6974701 FILE: F-16768 A.P. NUMBER: 045-500-601

YOU ARE IN DEFAULT UNDER A DEED OF TRUST, DATED APRIL 29, 1993 UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER.

NOTICE is hereby given that Quality Loan Service Corp., as trustee, or successor trustee, or substituted trustee pursuant to the Deed of Trust executed by William M. Compton and Andrea C. Compton, husband and wife, and recorded on May 10, 1993 as Instrument No. 014626 in Book 2487, Page 774 of Official records in the office of the County Recorder of Yolo County, California, and pursuant to the Notice of Default and Election to Sell thereunder recorded December 19, 1996 as Instrument No. 96-0030553 of said Official Records, WILL SELL on April 16, 1997 at 11:00 AM, At the main steps to the County Courthouse, 725 Court Street, Woodland, California AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States), all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State hereinafter described as: As more fully described in the above mentioned Deed of Trust.

The property address and other common designation, if any, of the real property described above is purported to be: 2686 Tyler Way West Sacramento CA 95691

The undersigned Trustee disclaims any liability for any incorrectness of the property address and other common designation, if any, shown herein. The total amount of the unpaid balance of the obligation secured by the property to be sold and reasonable estimated costs, expenses and advances at the time of the initial publication of the Notice of Sale is: $102,497.84

In addition to cash, the Trustee will accept a cashier's check drawn on a state or national bank, a check drawn by a state or federal credit union or a check drawn by a state or federal savings and loan association, savings association or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state. In the event tender other than cash is accepted, the Trustee may withhold the issuance of the Trustee's Deed until funds become available to the payee or endorsee as a matter of right. Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession or encumbrances, to satisfy the indebtedness secured by said Deed, advances thereunder, with interest as provided therein, and the unpaid principal balance of the Note secured by said Deed with interest thereon as provided in said Note, fees, charges and expenses of the trustee and the trusts created by said Deed of Trust. We are assisting the beneficiary to collect a debt and any information we obtain will be used for that purpose by either ourselves or the beneficiary, whether received orally or in writing.

Dated: March 20, 1997
Quality Loan Service Corp., as said Trustee
1650 East Fourth Street, Second Floor

Local Scene

After-School Adventure

The "After-School Adventure," a free after-school program for children in grades 1 through 5, is held Monday through Friday during the first three weeks of each month (there is no program on non-student days or holidays) in the cafeterias of the following elementary schools: Elkhorn Elementary, Westfield Elementary and Westmore Oaks Elementary. The program begins directly after school dismisses and ends at 5:30 p.m. Activities include crafts, games and trips. A nutritious snack is also served each day. March session will run March 3-21; April session will run April 7-25; and May session will run May 5-23. For more information, call 373-5860.

Fashion Show

Soroptimist International of West Sacramento will present "Hats Off to Spring," a fashion show and luncheon, on Saturday, April 5, at 11:30 a.m. at the Yolo High Auditorium, 920 West Acre Road. Guests will dine on "Fashion Show Chicken Salad" and all the trimmings. A lively mini-raffle will be held. One lucky guest will receive a $50 gift basket as a door prize. Fashions will be provided by Gottschalks and modeled by local people and will include those for women, men and children. Dave Bender, Channel 13 weatherman, will serve as master of ceremonies. Tickets are $15. To purchase, call Josie at 424-5767, Lora at 991-2147, or Brenda at 372-5933. All proceeds will benefit local service projects.

Easter Service

All are invited to attend the Easter Sunrise Service, to be held for the West Sacramento community, on Easter Sunday, March 30, at 7 a.m. The Rev. Norm Pollitt, pastor of Anna Street Baptist Church, will share the Easter message. The service will be held at Community Lutheran Church, 920 Drever Street. A continental breakfast will be provided, with freewill offering, by the youth of Community Lutheran. Please call 371-8804 for any additional information.

Food Distribution

Food products will be distributed to low-income eligible West Sacramento residents on March 29 at the County Building located at 500 Jefferson Blvd. from 8:30 to 10:30 a.m., and at Sam Combs Activity Center located on Stone Blvd., from 9 to 10 a.m. Items include ground beef, pinto beans, green beans, figs, corn, and salmon. Participants are asked to bring a bag to carry food home. For more information, call the Yolo County Coalition Against Hunger at 758-6821.

Community Celebration

The mayor and members of the city council of the city of West Sacramento request the honor of your presence at a tenth anniversary community celebration on Saturday, April 19, beginning at 6:30 p.m. at Our Lady of Grace School, 1990 Linden Road in West Sacramento. Cost is $25 per person and includes a social hour, dinner, live music and dancing. Evening attire is suggested. The city's first mayor, Michael H. McGowan, and his band are scheduled to provide 60s, 70s and 80s music as part of the entertainment. For more information or reservations call the West Sacramento Chamber of Commerce at 371-7042.

Art Guild

The West Sacramento Art Guild will meet tonight at 7 p.m. at the Trinity Presbyterian Church, 1500 Park Blvd. in West Sacramento. These meetings are open to the public. If you are interested in becoming a member or would like information about the group, call Bill Leek at 371-7672.

What's new at the library:

***Land Girls.* Angela Huth. St. Martin's Press. 378 pages.**

The year is 1941, the country is England. As war rages, thousands of men are called to service, and hundreds of farms are left without farmhands. Angela Huth chronicles the real-life events of Britain's effort to recruit women, much in the style of recruiting men for military service, as farm laborers. Share the lives of the Cambridge undergraduate, the Manchester hairdresser, and the girl from Surrey as they develop a life-long friendship and contribute to the livelihood of a nation.

***Enduring Harvests: Native American Foods and Festivals for Every Season.* E. Barrie Kavasch. 319 pages.**

"*Enduring Harvests* is a magical weave of recipes, history, and folklore" which provides readers a plethora of ways to enjoy vegetables, fruit, fish and game. This collection of Native American recipes has been adapted for the modern kitchen and each page includes a discussion of festivals and ceremonies important to Native Americans.

***Speaking with the Devil: A Dialogue with Evil.* Carl Goldberg. 260 pages.**

Noted psychoanalyst and writer Carl Goldberg examines the concept of "evil" drawing from psychology, philosophy, theology, mythology, law and literature. Dr. Goldberg attempts to explain the psychological basis of malevolent behavior, while reviewing the development of personality and discussing the events that shape this destructive behavior.

***Southern Journey: A Return to the Civil Rights Movement.* Tom Dent. 386 pages.**

The civil rights movement was one of this nation's most important social movements. Almost 40 years have passed since its inception and author Tom Dent asks, "What significant changes, if any, have resulted from its efforts?" Retracing the movement from the F.W. Woolworth store in Greensboro, N.C. to the 1965 march from Selma to Montgomery, AL, the author interviews dozens who participated and continue to live in its wake. His findings suggest that while the tumultuous years of protest resulted in great social change, full equality has yet to ensue.

***Fall Guys: False Confessions and the Politics of Murder.* Jim Fisher. 257 pages.**

Twenty-eight months after the bloody murder of his mother, an eleven-year-old Charlie Zubryd admitted slaying his mother with a hatchet at age eight. Two years later, thirteen-year-old Jerry Pacek confessed to raping and killing a woman as she walked home from a bus-stop. The horror of these cases shocked peaceful 1950s Allegheny County, Pennsylvania. But as criminologist Jim Fisher demonstrates, these young men were "framed" by an over zealous homicide detective, and cast into a net of murder politics.

***The Last Stand: The War Between Wall Street and Main Street over California's Ancient Redwoods.* David Harris. Times Books. 359 pages.**

The Last Stand tells the story of "greed gone wild," suggests the author, as the Pacific Lumber Company of Northern California is bought out by the giant Texas-based conglomerate Maxxam, Inc. Financed in part by Michael Milken, Maxxam is eager to maximize profits and immediately increases production by cutting-down thousands of acres of redwoods. Corporate America, however, meets it match as the radical environmentalist group Earth First! enters the picture and draws the entire nation into an environmental war.

Contractor selected for McDowell Manor

From Art Schroeder
Community Relations
Redevelopment & Housing Agency
City of West Sacramento

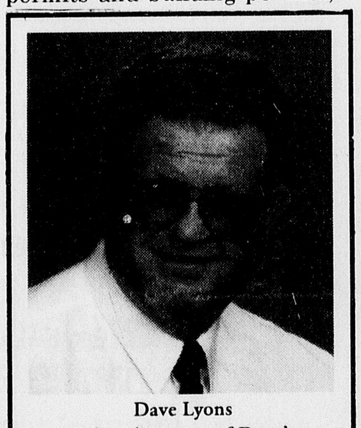

"When it's finished, it will be a place I'd be proud to call home," claims William T. Brown, president of Brown Construction, Inc. "It will be a first class building, the equal of any in northern California."

Brown's West Sacramento company has been selected to build the Margaret McDowell Manor, by Christian Church Homes of Northern California, the non-profit developer of the site at 1525 Merkley Avenue in the City of West Sacramento. Margaret McDowell Manor will provide comfortable, affordable housing for seniors, after construction begins in 1998.

D.H. "Mac" McCreary, executive director of Christian Church Homes, reviewed a competitive field of contractor candidates, but cited several factors in favor of Brown Construction.

"First, they have the experience of working with HUD 202 funding," he said. "Brown has been the contractor in five of the past six HUD 202 allocations out of the Sacramento office. They have built a number of large, multiple family units. They've proven to be cost effective, with a minimal record of change orders. There's diversity in their team and they have a tie to the West Sacramento community," McCreary observed.

Grants to develop and construct the Margaret McDowell Manor were approved under HUD 202 funding by the U.S. Department of Housing and the State Department of Housing and Community Development. The process of repairing site plan drawings, obtaining use permits and building permits, with the approval of the City and HUD, receives a high level of scrutiny.
